The Healers Cross:

Spirit and Healing in Africa Deborah van den Bosch-Heij, 2012-01-01 There is a great need for healing in Africa This need is in itself no different elsewhere in the world but it is greatly determined by the involvement of religious communities and traditions Faith communities and religious institutions play a major role in assisting African believers to find health healing and completeness in everyday life

The Image of Mesopotamian Divine Healers Irene Sibbing-Plantholt, 2022-04-04 This volume exposes one of the world's oldest medical marketplaces and the emergence of medical professionalization within it Through an unprecedented analysis of the Mesopotamian healing goddesses as well as as a diverse group of healers Irene Sibbing Plantholt demonstrates that from the Middle Babylonian period onwards the goddess Gula was employed as a divine legitimization model for scholarly professional as s With this work Sibbing Plantholt provides a unique insight in processes of medical competition and legitimization in ancient Mesopotamia which speak to similar processes in other societies

Vimbuza The Healing Dance of Northern Malawi Boston Soko, 2014-06-12 The purpose of this book is to show that the possession cult of Vimbuza presents itself as an oral genre which is part and parcel of African Oral Literature The ethnolinguistic study which we undertake will permit us to catch a glimpse of its whole complexity The analysis has a bearing on four principal aspects Historical developments a certain number of facts concerning the birth of possession among the Tumbuka possession the study attempts to show how the cult articulates itself with its beliefs and the use of divination the social role analysis of social functions the style an analysis of the linguistic procedures which are characteristic of Vimbuza songs The presence of rhetorical figures would confirm that we are talking about an oral literary genre

Patients and Healers in the Context of Culture Arthur Kleinman, 2023-04-28 From the Preface by Arthur Kleinman *Patients and Healers in the Context of Culture* presents a theoretical framework for studying the relationship between medicine psychiatry and culture That framework is principally illustrated by materials gathered in field research in Taiwan and to a lesser extent from materials gathered in similar research in Boston The reader will find this book contains a dialectical tension between two reciprocally related orientations it is both a cross cultural largely anthropological perspective on the essential components of clinical care and a clinical perspective on anthropological studies of medicine and psychiatry That dialectic is embodied in my own academic training and professional life so that this book is a personal statement I am a psychiatrist trained in anthropology I have worked in library field and clinic on problems concerning medicine and psychiatry in Chinese culture I teach cross cultural psychiatry and medical anthropology but I also practice and teach consultation psychiatry and take a clinical approach to my major cross cultural teaching and research involvements The theoretical framework elaborated in this book has been applied to all of those areas in turn they are used to illustrate the theory Both the theory and its application embody the same dialectic The purpose of this book is to advance both poles of that dialectic to demonstrate the critical role of social science especially anthropology and cross cultural studies in clinical medicine and psychiatry and to

encourage study of clinical problems by anthropologists and other investigators involved in cross cultural research This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 From the Preface by Arthur Kleinman Patients and Healers in the Context of Culture presents a theoretical framework for studying the relationship between medicine psychiatry and culture That framework is principally illustrated by materials gathered

At Ansha's Daria Trentini,2021-07-16 At Ansha s takes the reader inside the spirit mosque of a female healer in Nampula northern Mozambique It is here that Ansha a Makonde spirit healer heals the resisting ailments of her patients discloses pieces of her story of affliction and healing and engages the world outside her mosque We come to know Ansha s experiences as revolutionary and migrant her religious trajectories family the healers who cured her the spirits who possessed her and her declining health We follow Ansha s shifts in her life and work in the mosque as these intersect with the visible and invisible borders of Mozambique and of its fraught history Confronting events in her life and in the mosque between 2009 and 2016 Ansha invites us to make meaning with her as we sit in her mosque and engage with her family spirits friends patients and world

Introduction to the U.S. Latina and Latino Religious Experience Hector Avalos,2021-10-01 Latinos Latinas are the largest minority in the United States but the field of U S Latino Latina studies is still in its infancy This work represents the first single volume ever published on the U S Latino Latina religious experience an area that is even less explored A carefully selected group of experts examines the major sub groups of Latinos Latinas including Mexican Americans Puerto Ricans and Cuban Americans along with some of the lesser studied groups such as Dominicans and Central Americans In addition the volume includes important thematic chapters on the role of art film health care literature music politics and women s influence in the U S Latino Latina religious experience

The World of Child Labor Hugh D Hindman,Hugh Hindman,2014-12-18 The World of Child Labor details both the current and historical state of child labor in each region of the world focusing on its causes consequences and cures Child labor remains a problem of immense social and economic proportions throughout the developing world and there is a global movement underway to do away with it Volume editor Hugh D Hindman has assembled an international team of leading child labor scholars researchers policy makers and activists to provide a comprehensive reference with over 220 essays This volume first provides a current global snapshot with overview essays on the dimensions of the problem and those institutions and organizations combating child labor Thereafter the organization of the work is regional covering developed developing and less developed regions of the world The reference goes around the globe to document the contemporary and historical state of child labor within each major region Africa Latin and South America North America Europe Middle East Asia and Oceania including country level accounts for nearly half of the world s nations Country level essays for more developed nations include historical material in

addition to current issues in child labor All country level essays address specific facets of child labor problems such as industries and occupations in which children commonly work the national child welfare policy occupational safety regulations educational system and laws and often highlight significant initiatives against child labor Current statistical data accompany most country level essays that include ratifications to UN and ILO conventions the Human Development Index human capital indicators economic indicators and national child labor surveys conducted by the Statistical Information and Monitoring Program on Child Labor The World of Child Labor is designed to be a self contained comprehensive reference for high school college and professional researchers Maps photos figures tables references and index are included Teaching Religion and Healing Linda L. Barnes, Inés Talamantez, 2006-10-26 Publisher description *Borders and Healers* Tracy J. Luedke, Harry G. West, 2006 In southeast Africa the power to heal is often associated with crossing borders whether literal or metaphorical This wide ranging volume reveals that healers whose power depends on the ability to broker therapeutic resources also contribute to the construction of the borders they transgress While addressing diverse healing practices such as herbalism razor blade vaccination spirit possession prophetic healing missionary health clinics and traumatic storytelling the nine lively and provocative essays in *Borders and Healers* explore the creativity and resilience of the region s healers and those they heal in a world shaped by economic stagnation declining state commitments to health care and the AIDS pandemic This important book contributes to understandings of the ways in which healing practices in southeast Africa mediate divides between the wealthy and the impoverished the traditional and the modern the local and the global **Remedios** Joanne B. Mulcahy, 2011-04-15 Former President Ronald Reagan called Eva Castellanoz a national treasure when he awarded her an NEA National Heritage Fellowship in 1987 Featured in National Geographic National Public Radio and numerous other publications Castellanoz is celebrated as a folk artist community activist and a curandera a traditional Mexican healer who uses a mind body spirit approach During her 16 year friendship with Joanne Mulcahy Castellanoz has revealed her life story as well as her remedios her remedies both medicinal and metaphoric for life s maladies Using her own observations and Castellanoz s stories Mulcahy employs creative nonfiction and oral accounts to portray the life beliefs and practices of this remarkable woman Anyone who has been healed by Eva Castellanoz has felt her power and wisdom Anyone who reads this vivid portrait will come away feeling wiser and empowered by the story of this courageous and loving healer **Integrating Traditional Healing Practices Into Counseling and Psychotherapy** Roy Moodley, William West, 2005-04-20 *Integrating Traditional Healing Practices Into Counseling and Psychotherapy* critically examines ethnic minority cultural and traditional healing in relation to counseling and psychotherapy Authors Roy Moodley and William West highlight the challenges and changes in the field of multicultural counseling and psychotherapy by integrating current issues of traditional healing with contemporary practice The book uniquely presents a range of accounts of the dilemmas and issues facing students professional counselors psychotherapists social workers researchers and others who use multicultural counseling or

transcultural psychotherapy as part of their professional practice

Witchcraft, Healing, and Popular Diseases Brian P. Levack, 2012-10-12 Witchcraft and magical beliefs have captivated historians and artists for millennia and stimulated an extraordinary amount of research among scholars in a wide range of disciplines This new collection from the editor of the highly acclaimed 1992 set *Articles on Witchcraft Magic and Demonology* extends the earlier volumes by bringing together the most important articles of the past twenty years and covering the profound changes in scholarly perspective over the past two decades Featuring thematically organized papers from a broad spectrum of publications the volumes in this set encompass the key issues and approaches to witchcraft research in fields such as gender studies anthropology sociology literature history psychology and law This new collection provides students and researchers with an invaluable resource comprising the most important and influential discussions on this topic A useful introductory essay written by the editor precedes each volume

Magical Medicine Wayland D. Hand, 2023-04-28 Distilling baby's first tear into the eye of a blind man to make him see Plucking herbs upward for emetics and downward for purgatives Stroking one's goiter with a dead man's hand to make the growth shrivel away these are not beliefs and customs found among primitive peoples in remote parts of the world but are examples of hundreds of items of magical medicine found in Professor Hand's remarkable collection of essays dealing with this neglected field in twentieth century Europe and America Fantasy and imagination still have free reign in people's lives more than any of us will admit In a time when science is preeminent irrational thinking can lay hold on the mind of man as much as in olden times Folk medicine has expanded in recent years to include holistic medicine and other forms of alternative medicine but little attention has been paid to magical medicine Despite the benefits of medical science in an advanced culture the magical medicine of Europe and America has clung to an unusually rich and original body of magical lore that lies at the base of its folk medical thought Ethnomedicine in the inner cities of America can be better understood by practitioners who know something about folk medicine and especially if they know some of the basics of magical medicine This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980

Critical Medical Anthropology Merrill Singer, Hans Baer, 2018-10-26 The purpose of this book is to provide an introduction and overview to the critical perspective as it has evolved in medical anthropology over the last ten years Standing as an opposition approach to conventional medical anthropology critical medical anthropology has emphasized the importance of political and economy forces including the exercise of power in shaping health disease illness experience and health care

Oral History, Oral Culture, and Italian Americans Luisa Del Giudice, 2009 This book introduces readers to a wide range of interpretations that take oral history and folklore as the premise with a focus on Italian and Italian American culture in disciplines such as history ethnography memoir art and music

New Perspectives on

Witchcraft, Magic, and Demonology: Witchcraft, healing, and popular diseases Brian P. Levack, 2001 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company

The Neurasthenia-Depression Controversy Donald McLawhorn, 2021-04-06 This book is about the largest debate that has occurred in the field of cultural psychiatry and its impact on diagnosing theorizing and clinical practice It is also about the role of culture in psychopathology specifically in relation to China This book is the first comprehensive and critical assessment of the anthropological psychiatry that has provided Western physicians with their ideas about somatization and culture It is argued that psychiatric nosology and the broader cultural milieu interact in a fascinating way and co facilitate individual conformity to culturally salient categories consciously or unconsciously through a process of belief expectation and learning The result is that codified experiences can be translated from the mind to the body and back again Through a critical evaluation of the Neurasthenia Depression controversy we can gain a view of the contested and shifting nature of psychiatric nosology and thereby attempt to introduce the beginnings of a model that elucidates how psychiatric distress varies across cultures This timely book challenges conventional wisdom about neurasthenia and depression in Chinese societies Its findings will be of value to anyone who works with Chinese people with these mental illnesses across the global diaspora

Parapsychology: Science and Psychics Fred Goodwin, 2001-09

Alternative Medicines J. Warren Salmon, 2022-08-12 Originally published in 1984 and now reissued with a new Preface this was the first systematic and evaluative investigation of the holistic health movement the first to put its contribution and limitations in both historical and current perspectives The book answers two essential questions how do alternative medicines challenge the tenets of conventional scientific medicine and could a synthesis of these alternative medicines and scientific medicine lead to a reformulation of conceptions of healing A historical survey of medical care up to the use of scientific medicine in the 19th and 20th Centuries is followed by chapters on different traditions of alternative medicine homeopathy chiropractic non medical and spiritual healing oriental medicine and self care Each considers the historical roots and development of the particular alternative medicine describes its principles and how they relate to mainstream medicine The concluding chapter considers social policy implications and political issues
