New to this edition: A new preface noting slang trends of the last five years. Over 1,000 new entries from the US, UK and Australia. New terms from the language of social networking. Many entries now revised to include new dating, new citations from written sources and new glosses. Our Light Body MARY ELIZABETH. RABYOR, 2012-04 Human beings are now evolving into a new species popularized as the light body that starts to grow when our vibration is high enough to activate DNA that exists in our genes. The growing force increases the vibration of all objects over time. When the old body design no longer thrives in the increased vibratory field, a species-wide metamorphosis triggers. That is where we are today. In early 2006 Mary unexpectedly experienced a kundalini awakening after years of doing meditation. After this she devoted three years full time to the kundalini transformation and took daily notes. The core of *Our Light Body* is Mary's journal for the first year of kundalini transformation with notes, poetry, insights, visions and dreams. The book has chapters with the author's insights about the personality, the higher self, steps of spiritual awakening, dark nights of the soul, DNA activation, kundalini, human metamorphosis and evolution.
