Nine Quarters of Jerusalem Matthew Teller, 2022-03-17 Original and illuminating what a good book this is Jonathan Dimpleby A love letter to the people of the Old City Jerusalem Post In Jerusalem what you see and what is true are two

different things Maps divide the walled Old City into four quarters yet that division doesn't reflect the reality of mixed and diverse neighbourhoods Beyond the crush and frenzy of its major religious sites much of the Old City remains little known to visitors its people overlooked and their stories untold *Nine Quarters of Jerusalem* lets the communities of the Old City speak for themselves Ranging through ancient past and political present it evokes the city's depth and cultural diversity Matthew Teller's highly original biography features the Old City's Palestinian and Jewish communities but also spotlights its Indian and African populations its Greek and Armenian and Syriac cultures its downtrodden Dom Gypsy families and its Sufi mystics It discusses the sources of Jerusalem's holiness and the ideas often startlingly secular that have shaped lives within its walls *Nine Quarters of Jerusalem* is an evocation of place through story led by the voices of Jerusalemites *States of Disconnect* Adhira Mangalagiri, 2023-01-24 Winner 2025 Anna Balakian Prize International Comparative Literature Association In an interconnected world literature moves through transnational networks crosses borders and bridges diverse cultures In these ways literature can bring people closer together Today as hopes for globalization wane and exclusionary nationalism is on the march can literature still offer new ways of relating with others Comparative literature has long been under the spell of circulation contact connectivity and mobility what if it instead sought out their antitheses *States of Disconnect* examines the breakdown of transnationalism through readings of literary texts that express aversion to pairing ideas of China and India Focusing on practices of comparison Adhira Mangalagiri considers how these texts articulate the undesirability or impossibility of relating with national others tracing portrayals of violence silence and distance She proposes the concept of disconnect a crisis of transnationalism perceptible in moments when a connection is severed interrupted or disavowed Despite their apparent insularity texts of disconnect offer possibilities for relating ethically across national borders while resisting both narrow nationalisms and globalized habits of thought Reading a variety of largely untranslated twentieth century Chinese and Hindi short stories novels and poems Mangalagiri develops three new strategies for comparison friction ellipses and contingency that together comprise a critical vocabulary of disconnect Foregrounding transnationalism's discontents *States of Disconnect* offers a different path by which literary texts can cultivate a critical sensibility for making sense of a world rife with division *Transmediations* Niklas Salmose, Lars Elleström, 2019-11-22 This collection offers a multi-faceted exploration of transmediations the processes of transfer and transformation that occur when communicative acts in one medium are mediated again through another While previous research has explored these processes from a broader perspective Salmose and Elleström argue that a better understanding is needed of the extent to which the outcomes of communicative acts are modified when transferred across multimodal media in order to foster a better understanding of communication more generally Using this imperative as a point of departure the book details a variety of transmediations viewed through four different lenses The first part of the volume looks at narrative transmediations building on existing work done by Marie Laure Ryan on transmedia storytelling The second section focuses on the spatial dynamics involved in media

transformation as well as the role of the human body as a perceptive agent and a medium in its own right The third part investigates new radical boundaries and media types in transmediality and hence shows its versatility as a method of analyzing complex and contemporary communicative discourses The fourth and final part explores the challenges involved in transmediating scientific data into the narrative format in the context of environmental issues Taken together these sections highlight a range of case studies of transmediations and in turn the complexity and variety of the process informed by the methodologies of the different disciplines to which they belong This innovative volume will be of particular interest to students and scholars in multimodality communication intermediality semiotics and adaptation studies *Alliance with Evil*

Jean-Pierre Plouffe,2015-07-30 In the misty beginning of the medieval times Duke Melan acquires a splendid red haired slave from a Persian merchant But before he can get to her she mysteriously disappears from a locked cell at the top of a tower He believes that witchcraft was involved in her disappearance The Duke wants her back at all costs He travels to the Mausoleum of Riach in Transylvania where he surrenders his soul to the Evil Spirit in return for otherworldly powers Melan strikes Albalux the peaceful neighboring Kingdom and thanks to his newly acquired powers he slaughters all the males within a day The nations of the time react The Allies besiege Melan s Black Stone Fortress Soon the Church Crusaders and La Chamza a Brotherhood of witches and wizards are drawn into the battle Unlikely mysterious otherworldly alliances are made Victories and losses are the results of never heard before tactics and strategies Can the Allies overcome the powers made available to Melan by the Evil Spirit **Spiral** Roderick Gordon,Brian Williams,2013-06-06 In the fifth book in the Tunnels series The Styx have surfaced If you thought the Limiters were nasty think again They ve brought their females with them this time And all that stands in their way are Will and his friends and a rag bag team of retired commandos It s a smoking spiral of chaos and not everyone is going to survive The Tibetan Book of the Dead Karma Lingpa,Sambhava Padma,Coleman
