Worry Less, Live More Robert J. Morgan, 2017-11-07 How do you bury worry before it buries you Worry which is essentially a strain of fear is a rational response to real pressures and problems Life is harder than we expect and even the Lord Jesus the Prince of Peace Himself admitted Each day has enough trouble of its own Matthew 6 34 He said In this world you will have trouble John 16 33 On one occasion He even said Now my soul is troubled and what shall I say John 12 27 Our souls are easily troubled The world and its trials seem to only increase In nearly forty years of pastoral counseling Rob Morgan has seen a lot of changes in our culture People are anxious and everyone seems increasingly tense and taunt We re overextended running on empty and often running late We re worried and we re weary One moment we re alarmed about global politics and the next we re frustrated with a clogged commode or a cranky boss Stress can have a way of keeping us on pins and needles from dawn to darkness In this book Pastor Morgan leads the way through the investigation of the Bible s premier passage on the subject of anxiety Philippians 4 4 9 is God s most definitive word about overcoming anxiety and experiencing His overwhelming peace Dissecting the following eight practices this vital passage promotes will help you to wage war on worry The Practice of Rejoicing The Practice of Gentleness The Practice of Nearness The Practice of Prayer The Practice of Thanksgiving The Practice of Thinking The Practice of Discipleship The Practice of Peace When we study and employ these practices effectively we have the power to erase anxious thoughts and compose our minds with peace in any situation

Stress Less, Live More Sarah Frances Mitchell, In the quiet moments before dawn when the world still sleeps and our minds begin to stir many of us find ourselves already cataloguing the day s worries The presentation at work the bills that need paying the family obligations that seem to multiply like weeds in an untended garden This early morning anxiety has become so commonplace that we ve begun to accept it as normal as simply part of being an adult in today s fast paced world But what if this acceptance is part of the problem What if the stress that we ve normalized is actually stealing our capacity for joy creativity and genuine connection with others The truth is that while stress has always been part of the human experience the chronic unrelenting nature of modern stress represents something fundamentally different from what our ancestors faced Our nervous systems evolved to handle acute threats the sudden appearance of a predator a natural disaster or immediate physical danger In these situations stress serves us well flooding our bodies with adrenaline and cortisol to help us fight or flee But our modern stressors rarely resolve themselves in minutes or hours Instead they linger for weeks months or even years keeping our stress response system perpetually
