Small Beautiful The Issue Of Scale:

Federal Design Matters ,1981 **Cultural Anthropology** John H. Bodley,2011-04-16 This introductory text introduces basic concepts in cultural anthropology by comparing cultures of increasing scale and focusing on specific universal issues throughout human history Cultural materials are presented in integrated ethnographic case studies organized by cultural and geographic areas to show how ideological social organization and material features fit together in specific sociocultural systems John H Bodley explicitly seeks a balance between ecological materialist and cultural ideological explanations of sociocultural systems while stressing the importance of individual power seeking and human agency Part One examines domestic scale autonomous tribal cultures Part Two presents politically organized class based civilizations and ancient empires in the imperial world Part Three surveys global industrial market based civilizations in the contemporary commercial world Cultural Anthropology uniquely challenges students to consider the big questions about the nature of cultural systems

Energy Poverty Antoine Halff,Benjamin K. Sovacool,Jon Rozhon,2014-11-27 This edited volume looks at energy poverty an issue whose pivotal role in the fight for human development is only now being recognised by policymakers Nearly one quarter of humanity still lacks access to electricity Close to one third rely on traditional fuels like firewood and cow dung for cooking at great cost to their health and welfare While most prevalent in parts of Africa and Asia energy poverty is a global problem which concerns us all This book which brings together economists policymakers entrepreneurs and other practitioners from all over the world is dedicated to a single goal finding a solution to this haunting problem It is part history part economics part political analysis part business case review and part field handbook Part One focuses on defining and measuring the problem and benchmarking progress in solving it an obvious prerequisite to any successful energy access policy Part Two reviews past and current energy access programs with an eye towards finding out what worked and what didn t and what can be replicated elsewhere These case reviews are told as seen on the ground China s experience by top Chinese officials and Africa s by African regulators and scholars Based in part on those cases the book s last more forward looking section aims to present practitioners with a tool kit a menu of options to speed up their efforts The energy access agenda is gaining traction at a time of rising concerns about climate change and resource constraints This book shows that bringing modern energy to those who lack it not just a moral imperative but will likely benefit the world as a whole without harming the environment or unduly stretching finite resources

The Challenge of Local Government Size Santiago Lago-Peñas, Jorge Martinez-Vazquez, 2013-07-01 In the efficient delivery of local public services size matters Many countries around the world have vertical government structures that are perceived as inefficient because of their high levels of jurisdictional fragmentation This timely volume examines the different strategies used to address local government fragmentation and their observed results and consequences Expert contributors in economics and political science offer a comprehensive breakdown of the issue of local jurisdiction fragmentation and provide recommendations for successful policy reform Topics discussed include economies of scale the costs and benefits of voluntary and forced amalgamation programs the correlation between government size and corruption privatization and inter municipal cooperation A combination of theory and empirical evidence provides depth and makes this book an invaluable addition to the literature Economists public administrators and political scientists will find much of interest in this innovative volume as will professors students and international institutions with an interest in local government structure and reform

The Mauritian Paradox Ramola Ramtohul, Hylland Eriksen, 2018-04-11 Speaking of Mauritius as an economic miracle has become a cliché and with good reason Its development since Independence in 1968 can easily be narrated as a rags to riches story In addition it is a stable democracy capable of containing the conflict potential inherent in its complex ethnic and religious demography This book brings together some of the finest scholarship domestic as well as foreign on contemporary Mauritius offering perspectives from constitutional law cultural studies sociology archaeology economics social anthropology and more While celebrating the indisputable and impressive achievements of the Mauritian nation on its fiftieth birthday this book is far from toothless Looking back inevitably implies looking ahead and in order to do so critical self scrutiny is essential to be able to learn from the mistakes of the past The contributors raise fundamental questions concerning a broad range of issues from the dilemmas of multiculturalism to the marginal role of women in public life from the question of constitutional reform and the continued problem of corruption to the slow destruction of Mauritius joy and pride namely the beauty and purity of its natural scenery Taking stock of the first fifty years this book also looks ahead to the next fifty years giving some cues as to where Mauritius can and should aim in the next decades
