Smithsonian Worldzoo:

Animal Care and Management at the National Zoo National Research Council, Division on Earth and Life Studies, Institute for Laboratory Animal Research, Board on Agriculture and Natural Resources, Committee on a Review of the Smithsonian Institution's National Zoological Park, 2004-03-24 This interim report assesses issues related to animal management husbandry health and care at the Smithsonian Institution's National Zoological Park The report finds that there are shortcomings in care and management that are threatening the well being of the animal collection and identifies the most pressing issues that should be addressed *New York Magazine*, 1990-01-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Encyclopedia of the World's Zoos* Catharine E. Bell, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **ZooBorns** Andrew Bleiman, Chris Eastland, 2010-11-02 ZooBorns showcases the newest and cutest animal babies from accredited zoos and aquariums around the world With interesting animal facts and background stories on the featured babies ZooBorns illustrates the connections between zoo births and conservation initiatives in the wild **Zoo Ethics** Jenny Gray, 2017-07-03 Well run modern zoos and aquariums do important research and conservation work and teach visitors about the challenges of animals in the wild and the people striving to save them They help visitors to consider their impact and think about how they can make a difference Yet for many there is a sense of disquiet and a lingering question remains can modern zoos be ethically justified Zoo Ethics examines the workings of modern zoos and considers the core ethical challenges that face those who choose to hold and display animals in zoos aquariums or sanctuaries Using recognised ethical frameworks and case studies of wicked problems this book explores the value of animal life and the impacts of modern zoos including the costs to animals in terms of welfare and the loss of liberty It also considers the positive welfare and health outcomes of many animals held in zoos the increased attention and protection for their species in the wild and the enjoyment and education of the people who visit zoos A thoughtfully researched work written in a highly readable style Zoo Ethics will empower students of animal ethics and veterinary sciences zoo and aquarium professionals and interested zoo visitors to have an informed view of the challenges of compassionate conservation and to develop their own defensible ethical position *Gopen's Guide to Closed Captioned Video* Stuart Gopen, 1993 *Wild Mammals in Captivity* Devra G. Kleiman, Katerina V. Thompson, Charlotte Kirk Baer, 2010-08-15 Zoos aquaria and wildlife parks are vital centers of animal conservation and management For nearly fifteen years these institutions have relied on Wild Mammals in Captivity as the essential reference for their work Now the book reemerges in a completely updated second edition Wild Mammals in Captivity presents the most current thinking and

practice in the care and management of wild mammals in zoos and other institutions In one comprehensive volume the editors have gathered the most current information from studies of animal behavior advances in captive breeding research in physiology genetics and nutrition and new thinking in animal management and welfare In this edition more than three quarters of the text is new and information from more than seventy five contributors is thoroughly updated The standard text for all courses in zoo biology Wild Mammals in Captivity will in its new incarnation continue to be used by zoo managers animal caretakers researchers and anyone with an interest in how to manage animals in captive conditions

Smithsonian's New Zoo Jake Page,1990 The National Zoological Park as explored by Page is a beautiful eye opening and international experience Page not only offers front seat and behind the scenes tours of the zoo in Washington D C he also covers animal preserves throughout the world Page recounts how scientists and others from the Smithsonian have been working to return captive animals to natural habitats and ward off the extinction of tigers elephants and other endangered creatures He keeps the scientific talk lively and entertaining at all times supplementing his text by 200 wonderful color photographs of animals in action The illustrations will certainly enchant animal lovers but all readers should appreciate this perspective on a zoo as an active force in wildlife conservation *The Biology and Conservation of Wild Felids* David Macdonald,Andrew Loveridge,2010-06-03 The editors utilize their 50 years of combined experience in professional engagement with the behaviour and ecology of wild felids to draw together a unique network of the world s most respected and knowledgeable experts For the first time this inter disciplinary research programme is brought together within a single volume Beginning with a complete account of all 36 felid species there follow 8 comprehensive review chapters that span all the topics most relevant to felid conservation science including evolution and systematics felid form and function genetic applications behavioural ecology management of species that come into conflict with people and control of international trade in felid species conservation tools techniques ex situ management and felid diseases 19 detailed case studies then delve deeply into syntheses of the very best species investigations worldwide written by all the leading figures in the field These chapters portray the unique attributes of the wild felids describe their fascinating and conflicting relationship with humans and create an unparalleled platform for future research and conservation measures A final chapter analyses the requirements of and inter disciplinary approaches to practical conservation with cutting edge examples of conservation science and action that go far beyond the cat family *Human-Animal Interactions in Zoos* Eduardo J. Fernandez,Sally L. Sherwen,2024-05-30 In the past couple of decades Animal Visitor Interactions AVI a type of Human Animal Interaction HAI have become one of the major topics of interest for researchers working in zoos especially in relation to animal welfare This thought provoking book summarizes the latest research concerning the impacts on HAIs in zoos including the effects of visitors on animals and the effects of animals exhibits and the place itself on visitors An invaluable resource for ethologists and animal behaviour and welfare students and practitioners as well as social scientists and indeed anyone working with zoo
