Talking To The World From Pan Ams Clippers:

Talking to the World from Pan Am's Clippers Francis Allan Chapman,1999 **The China Clipper, Pan American Airways and Popular Culture** Larry Weirather,2006-11-13 The Pan American clipper ships of the 1930s and 1940s were technological marvels of their time The years before World War II found the United States faced with international challenges of an economic as well as a military nature Aided by government regulations and contracts the Pan Am Clippers were for a time the only international craft to carry the U S flag Commercially they rivaled the comfort and popularity of passenger trains and luxurious cruise ships Militarily they were unmatched by anything the Germans Russians Italians or French could produce The only long range aircraft capable of carrying transoceanic payloads Clippers became instantly valuable with the onset of the war Marketed as the ultimate in commercial or military airfare these flying boats became as much an American icon as the Pan Am logo itself From the movie screen to the bookshelf this volume examines the multitude of ways in which the values inherent in Pan American Airways clipper ships played out in popular culture The book discusses the strategies Pan Am used to represent the clipper as a paragon of U S interests values and beliefs Mirroring the moods of the times the clipper became a consistent American icon being associated with the Statue of Liberty and the American eagle The main focus of the work is the variety of ways in which this iconographic status manifested itself through toys movies pulp fiction comic books and music Clipper influence is also examined in other unlikely places such as the name of an available car color car models restaurant menus and lounge names An appendix explains different models of the clipper flying boats

The Pan Am Clipper Roy Allen,2023-04-26 The Pan Am Clippers were probably the most romantic planes ever built The experience of flying in them was intended to rival the great ocean liners Illustrated with more than 100 archive photographs this impressive book is a tribute to a technical wonder that continues to fascinate and captivate many people today

Stranded in the Sky Philip Jett,2023-05-16 From the author of *Taking Mr Exxon* and *The Death of an Heir* comes the untold story of four luxury airliners trapped in the Pacific Ocean on and after the Day of Infamy In the first week of December 1941 four Pan American Airways System Pan Am flying Clippers the largest and most lavish transpacific airliners in the world took off from the North American West Coast loaded with wealthy and affluent passengers on their way to exotic destinations On December 7 1941 the Imperial Japanese Navy Air Service executed a surprise coordinated attack against the US naval base at Pearl Harbor Within hours Midway Atoll Wake Island Guam and Manila all of which were refueling stops for these Pan Am flying Clippers were targeted and bombed by the same Japanese forces that had devastated Pearl Harbor Stranded within the vast boundaries of the Pacific Ocean these civilian airlines were unexpectedly at risk of being captured or shot down by Japanese military The assault on Pearl Harbor removed any possibility for US military assistance and the attack of the refueling stations made it impossible for these airlines to refuel their depleting gas tanks Alone and unreachable Pan Am crews and their frightened passengers were left with no choice but to make their own way across the volatile Pacific Ocean
