series and the Seashell Cottage Books that readers are loving *The Angie Chronicles*: Eva Fischer-Dixon,2015-03-20 Angelina Angie Aranyi was only eleven years old but far ahead both mentally and physically of her peers She was raised in a strict household in Budapest Hungary but she dreamed about experiencing a quieter village life Her dream came true when her mother met a peasant woman whose granddaughter was the same age as Angie To her surprise her parents allowed her to spend her long school break with the Nagy family in the village of Kisegres Her entire world changes when she encounters not only a different culture and religion but also her host family's nephew an incredibly handsome boy named Joe who immediately fell in love with Angie a feeling that was mutual The off and on romance continues for six summers and a winter that she spent at her host family's rural home Being a beautiful young girl she is being courted by other young men who mistake her for being much older but Joe always managed to work his way back into her heart until Angie met a soldier named Andy Joe's bad temper and jealousy cast a dark shadow on Angie and Andy's new romance Angie knew that a hard decision was ahead of her she had to choose between her first love and uncertain future with Joe or the steady and deeply loving Andy who would do just about anything for her Angie could have never imagined that when she makes her final decision at age sixteen it would send her on an unexpected and incredible journey in life **The Talking Cure** Mike Feder,2011-01-04 As a kid growing up in Queens Mike Feder identified with Scheherazade of The Thousand and One Nights The idea of someone having to tell a new tale every night to prevent their head getting chopped off seemed sadly familiar to me Back then the author's audience was his mentally ill mother who used to stay in the house all day with the shades drawn and then insist that her son tell her stories so that she might vicariously experience the world outside Eventually she committed suicide and Feder grew up to be a relentless comic storyteller on the radio The Talking Cure tells the story of his ridiculous jobs first failed marriage the string of psychiatrists and the misery of reluctant fatherhood throughout he maintains a kind of bizarre balancing act hilariousness and deep seriousness conventionality and strangeness An ironist and a comic Feder looks unflinchingly at his own foibles and frailties enabling him to connect to other people's stories The reader emerges from this book with a sense of forgiveness for the human condition and awe at the mystery of human life Deeply funny and at the same time breathtakingly dark this is a book to provoke amuse and in some strange way reassure God loves a challenge *She Made a Way* Nibs Stroupe,2024-06-04 She Made a Way is a memoir of survival and growth under the twin threats of white supremacy and male dominance It is an intimate story of perseverance and coming of age how a single white working mother and her only son made their way in the patriarchal and racist world of postwar Helena Arkansas a Mississippi river town It is also a story of transformation a lifetime of journeying together out of captivity to white supremacy and toward the deeper truth of compassion and liberation In an era saturated with forces of racism and sexism we find here a mother and son struggling in their relationship to each other and to America maintaining love while living toward a new vision of themselves and the world Severed at the Root J.F. Carr,2013-05-31 Almost every female in Jerry's life represents

pain and failure while almost all the males are mischievous and deceitful With those types of influences there s no wonder his life is a wreck In fact his own actions repulse him so much he is forced to veer a life of shame to one of benevolence

Bleed into Dreams Faye Rothstein,2015-03-13 Bleed into Dreams is her account of the difficulties she faced growing up a memoir seen through the eyes of a child trying to live and survive a dysfunctional abusive and toxic environment The second book of this series is soon to be released

One Night Hope Wolf,2023-10-06 Sara is trying to start a new life in a new town after finding her boyfriend cheating on her Only she manages to find a whole lot of trouble from a local and her ex that followed her The only one that seems to be able to help her is Brian the man she had a one night stand with but can t remember With a man out to harm her she needs help to survive

Missing the Laughter Jude Barnes,2007-04-18 You must ask yourself one very important question Why give up the drug and maintain the behavior I suspect that we look to the drug of our choice whether it is pills alcohol another person or even the behavior itself as the problem when it isn t I suspect that the problem is the drama involved The drug we use to access that emotional life is secondary to the fact that we subconsciously feel the need to be drawn into an emotional life Once we know what draws us into the drama and our actual addiction to it so much so that we willingly create it in our everyday lives via our drug of choice then it loses its power over us What it really boils down to is simply growing up and taking responsibility for our actions and for our lives Imagine the many splendid things that we miss because of the superfluous drama with which we fill our lives Think about it

Redressing the Emperor John Lyons,2004-07-30 Lyons provides a fresh and thought provoking understanding of the children s public mental health system as well as the need to foster its evolution and improvement He presents the history of child mental health systems including the U S system s roots and the early 19th century case of the Wild Boy of Aveyron which demonstrated the potentially therapeutic effects of environment He shows us why modern leaders and presidents have issued calls for improvements to the U S child mental health system and what barriers have slowed or even halted this evolution Such barriers Lyons explains can be removed with community development and better clinical outcomes management In addition to providing information for parents family members and advocates for improving the lives of children needing mental health care this work will also interest clinicians policy makers and students in social work clinical psychiatry public health and public policy
