Tall Talk

John Stephen Farmer

Tall Talk:

American English Zoltan Kovecses, 2000-09-26 This book is a cultural historical rather than purely linguistic introduction to American English The first part consists of a general account of variation in American English It offers concise but comprehensive coverage of such topics as the history of American English regional social and ethnic variation variation in style including slang and British and American differences The second part of the book puts forward an account of how American English has developed into a dominant variety of the English language It focuses on the ways in which intellectual traditions such as puritanism and republicanism in shaping the American world view have also contributed to the distinctiveness of American English

The American People B.A. Botkin, 2020-02-13 This stimulating anthology prepared by the great folklorist B A Botkin is comprised of the traditional songs stories customs and beliefs which have been handed down by word of mouth for so long that they seem to have a life of their own For Botkin they are at the core of peoplehood When one thinks of American folklore one thinks not only of the folklore of American life the traditions that have sprung up on American soil but also of the literature of folklore the migratory traditions that have found a home in the New World
