**The Talmudic Argument** Louis Jacobs, 1984 This book examines in detail a number of typical lengthy passages with a view to showing how Talmudic reasoning operates and how the Talmud was compiled by its final editors *Essential Papers on the Talmud* Michael Chernick, 1994-10 Illuminating the Talmud's history sources arguments and methods this volume adds the insights of modern Talmudic scholarship and criticism to the growing number of more traditionally oriented works Collected here in one volume are essential essays published in the area of Talmudic study by Jacob Neusner Robert Goldenberg Louis Ginzberg and others **Talmud and Philosophy** Sergey Dolgopolski, James Adam Redfield, 2024-08-06 Wide ranging and astutely argued Talmud and Philosophy examines the intersections partitions and mutual illuminations and problematizations of Western philosophy and the Talmud Among many philosophers the Talmud has been at best an idealized and remote object and at worst if noticed at all an object of curiosity The contributors to this volume collectively ignite and probe a new mode of inquiry by approaching the very question of partitions conjunctions and disjunctions between the Talmud and philosophy as the guiding question of their inquiry Rather than using the Talmud and its modes of argumentation to develop existing philosophical themes these essays probe the question of how the Talmud as an intellectual discipline sheds new light on the unfolding of philosophy in the history of thought Introduction to the Talmud and Midrash Hermann Leberecht Strack, 1996 Gunter Stemberger's revision of H L Strack's classic introduction to rabbinic literature which appeared in its first English edition in 1991 was widely acclaimed Gunter Stemberger and Markus Bockmuehl have now produced this updated edition which is a significant revision completed in 1996 of the 1991 volume Following Strack's original outline Stemberger discusses first the historical framework the basic principles of rabbinic literature and hermeneutics and the most important Rabbis The main part of the book is devoted to the Talmudic and Midrashic literature in the light of contemporary rabbinic research The appendix includes a new section on electronic resources for the study of the Talmud and Midrash The result is a comprehensive work of reference that no student of rabbinics can afford to be without **Talmudic Stories** Jeffrey L. Three Powers in Heaven Emanuel Fiano, 2023-01-01 A fresh look at how Christianity and Judaism became two distinct religions through the parting of their intellectual traditions How when and why did Christianity and Judaism diverge into separate religions Emanuel Fiano reinterprets the parting of the ways between Jews and Christians as a split between two intellectual traditions a split that emerged within the context of ancient debates about Jesus s relationship to God and the world Fiano explores how Christianity moved away from Judaism through the development of new practices for religious inquiry By demonstrating that the constitution of communal borders coincided with the elaboration of different methods for producing religious knowledge the author shows that Christian theological controversies often thought to teach us nothing beyond the history of dogma can cast light on the broader religious landscape of late antiquity Three Powers in Heaven thus

marks not only a historical but also a methodological intervention in the study of the parting of the ways and in scholarship on ancient religion

**Louis Jacobs and the Quest for a Contemporary Jewish Theology** Miri Freud-Kandel, 2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools
