Forms of Attention Frank Kermode, 2011-08-15 Sir Frank Kermode the British scholar instructor and author was an inspired critic Forms of Attention is based on a series of three lectures he gave on canon formation or how we choose what art to value The essay on Botticelli traces the artist's sudden popularity in the nineteenth century for reasons that have more to do with poetry than painting In the second essay Kermode reads Hamlet from a very modern angle offering a useful and playful perspective for a contemporary audience The final essay is a defense of literary criticism as a process and conversation that while often conflating knowledge with opinion keeps us reading great art and working with and for literature Pieces of My Mind Frank Kermode, 2004-09-06 Sir Frank Kermode has been writing peerless literary criticism for more than a half century Pieces of My Mind includes his own choice of his major essays since 1958 beginning with his extraordinary study of Poet and Dancer Before Diaghilev and ending with a marvelous consideration of Shakespeare's Othello and Verdi Boito's Otello Important essays on Hawthorne on Wallace Stevens on problems in literary theory and analysis on Auden on Secrets and Narrative Sequence and three previously unpublished essays including one on Memory and one on Forgetting fill out this rich and rewarding volume Pieces of My Mind also contains recent considerations of the work of major modern writers Don DeLillo Raymond Carver Tom Paulin and others Of Kermode's last book Shakespeare's Language Richard Howard wrote that it was a triumph of inauguration and the crowning action of his splendid career of criticism It is and will doubtless remain the first book one should read about Shakespeare's plays and with those plays Pieces of My Mind has equal authority and power and it will be equally praised
