Taming The Tourists:

Elephant Welfare in Global Tourism Eric Laws, David W. Knight, Timothy Lee, Kom Campiranon, Bongkosh Rittichainuwat, Ann Suwaree Ashton, John Koldowski, Melody Zhirui Zhou, 2025-05-30 At the centre of the elephant tourism industry lie two profound challenges the delicate balance between income and compassion and the severe threats to the survival of all remaining elephant species Trained elephants exchange hands for staggering sums reaching up to 100 000 each yet the colossal appetites of the herds with each elephant devouring over 100 kilograms of sustenance daily pose formidable economic challenges for camp owners An elephant camp's revenue is dependent on tourism with a complex web of specialist businesses local and international large and small contracted to recruit and enable visitors This results in competition focused mainly on price and profitability considerations The inadequacies of these business networks and of the administrative controls within which they operate were demonstrated during the complete shutdown of elephant tourism venues in early 2020 due to COVID 19 This authoritative text analyses elephants vulnerabilities providing an inspiring call to action for a more compassionate coexistence between elephants and the stakeholders responsible for their individual and herd welfare and survival *Elephant Welfare in Global Tourism* is intended for managers professionals and administrators of elephant camps refuges and rescue centres and for NGOs providing advice and support Academic researchers on wildlife may find inspiration for suitable topics and examples of current methodologies

The Darwinian Tourist Christopher Wills, 2010-10-28 In this magnificently illustrated book Christopher Wills takes us on a series of adventures From the underwater life of Indonesia's Lambeh Strait to a little valley in northern Israel to an earthquake in the coral reef off the island of Yap and the dry valleys of western Mongolia Wills demonstrates how ecology and evolution have interacted to yield the world we live in Each chapter features a different location and brings out a different and important message With the author's own stunning photographs of the wildlife he discovered on his travels he draws out the evolutionary stories behind the wildlife and shows how our understanding of the living world can be deepened by a Darwinian perspective Wills demonstrates how looking at the world with evolutionary eyes leaves us with a renewed sense of wonder about life's astounding present day diversity along with an appreciation of our evolutionary history

Animals and Tourism Kevin Markwell, 2015 This book critically examines the many ways in which tourism and animals intersect and aims to make a meaningful contribution to the growing body of knowledge concerning the relationships between animals tourists and the tourism industry

concerning hotels restaurants tours shopping and activities **Tourism and Politics** Peter M. Burns, Marina Novelli, 2007-03-14 Tourism and Politics aims to disseminate ideas on the critical discourse of tourism and tourists as they relate to politics through a series of case studies from around the world written by specialists with an emphasis on linking theory to practice That tourism is a profoundly important economic sector for most countries and regions of the world is widely accepted even if some of the detail remains controversial However as tourism matures as a subject the theories underpinning it necessarily need to be more sophisticated tourism cannot be simply read as a business proposition with a series of impacts Wider questions of politics power and identity need to be articulated investigated and answered While the making and consuming of tourism takes place within complex political milieux with multiple stakeholders competing for benefit the implications are not fully understood Literature on tourism and politics is surprisingly limited This book will make a substantial contribution to the theoretical framework of tourism Modern Mass Tourism Julio Aramberri, 2010-11-23 Broadly speaking academic tourism research comes in two main shapes why and how to Both traditions seem unable to ever meet and their trajectory reminds of scissors agape This title argues that tourism research finds itself in a serious scissors crisis It reflects on how the crisis came about and looks at its effect on the real world **V!VA Travel Guides** Crit Minster Phd, 2008 Viva members around the world contribute to the travel guides creation and updating They provide information concerning hotels restaurants tours shopping and activities **Tourism in Himachal Pradesh** Manoj Jreat, 2004 Cruise Tourism in the Caribbean Martha Honey, 2019-06-17 This book explores the lessons learned from half a century of Caribbean cruise tourism one of the most popular and profitable sectors of the tourism industry The modern day cruise industry dates from the 1960s when the three major cruise lines Carnival Royal Caribbean and Norwegian set up shop in Florida and began selling winter cruises to the Caribbean targeting American retirees For geopolitical reasons the US initially excluded cruises to Cuba This changed in 2016 following the historic Obama Castro agreement to move towards diplomatic trade and travel normalization Cuba quickly became the Caribbean s fastest growing cruise destination This book considers the limited economic benefits of cruise tourism its environmental and social impacts and the effects of climate change and overtourism Based on this analysis and case studies of key Caribbean and Mediterranean destinations this book cautions against overdependence on cruise tourism and outlines reforms needed to bring more benefits and equity to Caribbean countries It will be valuable to professionals businesses development agencies NGOs and academics interested in a sustainable cruise industry and the economic well being of Caribbean island nations *The Angler's Diary and Tourist Fisherman's Gazetteer of the Rivers and Lakes of the World* Irwin Edward Bainbridge Cox, 1907 **New Moral Natures in Tourism** Bryan S. R. Grimwood, Kellee Caton, Lisa Cooke, 2018-04-17 How do we understand human nature relationships in tourism or determine the consequences of these relationships to be good bad right wrong fair or just What theoretical and philosophical perspectives can usefully orient us in the production and consumption of tourism towards living and enacting the good life

with the more than human world This book addresses such questions by investigating relationships between nature and morality in tourism contexts Recognizing that morality much like nature is embedded in histories and landscapes of power the book engages with diverse theoretical and philosophical perspectives to critically review appraise and advance dialogue on the moral dimensions of natures Contributing authors explore the very foundations of how we make sense of nature in tourism and leisure contexts and how we might make sense of it differently The book will be essential reading for researchers students and practitioners grappling with questions about the moral values frameworks or practices best suited to mobilizing tourism natures What will the future of tourism hold in terms of sustainability justice resilience health and well being

Tourism in China Chris Ryan, Gu Huimin, 2009-01-13 China is forecast to be the primary tourist destination and tourist generating country by 2020 However much of the writing on tourism in China has come from people within the English academic world who are not involved in the issues related to Chinese tourism development This book provides a voice to Chinese mainland academic researchers and examines the nature of tourism research and tourism development in China Contributors many of whom are based in China and are immersed in the daily issues of teaching researching and planning tourism development within China discuss issues related to resource use destination image and community participation with case studies that combine conceptual frameworks and practical issues This authoritative text on tourism in China will be of interest to scholars and students of tourism throughout the world

Ecotourism in Appalachia Al Fritsch, Kristin Johannsen, 2014-10-17 Tourism is the world s largest industry and ecotourism is rapidly emerging as its fastest growing segment As interest in nature travel increases so does concern for conservation of the environment and the well being of local peoples and cultures Appalachia seems an ideal destination for ecotourists with its rugged mountains uniquely diverse forests wild rivers and lively arts culture And ecotourism promises much for the region protecting the environment while bringing income to disadvantaged communities But can these promises be kept Ecotourism in Appalachia examines both the potential and the threats that tourism holds for Central Appalachia The authors draw lessons from destinations that have suffered from the tourist trap syndrome including Nepal and Hawaii They conclude that only carefully regulated and locally controlled tourism can play a positive role in Appalachia s economic development

Wild Things Patricia Jasen, 1995-01-01 Europeans in the nineteenth century were fascinated with the wild and the primitive So compelling was the craving for a first hand experience of wilderness that it provided a lasting foundation for tourism as a consumer industry In this book Patricia Jasen shows how the region now known as Ontario held special appeal for tourists seeking to indulge a passion for wild country or act out their fantasies of primitive life Niagara Falls the Thousand Islands Muskoka and the far reaches of Lake Superior all offered the experiences tourists valued most the tranquil pleasures of the picturesque the excitement of the sublime and the sensations of nostalgia associated with Canada s disappearing wilderness Jasen situates her work within the context of recent writings about tourism history and the semiotics of tourism about landscape perception and images of

wildness and wilderness and about the travel narrative as a literary genre She explores a number of major themes including the imperialistic appropriation and commercialization of landscape into tourist images services and souvenirs In a study of class gender and race Jasen finds that by the end of the century most workers still had little opportunity for travel while the middle classes had come to regard holidays as a right and a duty in light of Social Darwinist concerns about preserving the health of the race Women travellers have been disregarded or marginalized in many studies of the history of tourism but this book makes their presence known and analyses their experience It also examines against the backdrop of nineteenth century racism and expansionism the major role played by Native people in the tourist industry The first book to explore the cultural foundations of tourism in Ontario Wild Things also makes a major contribution to the literature on the wilderness ideal in North America

Resource Sustainability and Caribbean Development Duncan F. M. McGregor, David Barker, Sally Lloyd-Evans, 1998 Resource Sustainability and Caribbean Development follows on from Barker and McGregor's earlier edited volume Environment and Development in the Caribbean Geographical Perspectives 1995 and aims to focus more specifically on the theme of sustainability and to examine research contributions of geographers to problems of sustainability in the Caribbean region While the problems of environmental degradation have increased in recent decades the ability of Caribbean governments to cope with the consequences appears to have been eroded There is however a growing recognition within the region of the need for development strategies that focus on the social needs of the people yet simultaneously protect the fragile natural environment It is hoped that the research presented here will serve to inform the wider research and decision making community of the main problems associated with resource sustainability in the region and of some of the major research directions crucial to the alleviation of these problems Preface

Visitor Management in Tourist Destinations Julia N Albrecht, 2016-12-07 Visitor management may be considered as a component of destination management at all levels of a destination It involves a wide range of stakeholders This book demonstrates current knowledge on visitor management Visitor Management in Tourism Destinations provides insight into critical concepts such as the visitor experience service quality the uses of indicators and frameworks and interpretation It also addresses current issues including the social and political dimensions of visitor management the implementation of monitoring vandalism and augmented reality Authored by leading international researchers in the field of visitor management research this book is primarily aimed at researchers and postgraduate students

Inclusive Place Branding Mihalis Karavatzis, Massimo Giovanardi, Maria Lichrou, 2017-11-22 Place branding is often a response to inter place competition and discussed as if it operated in a vacuum ignoring the needs of local communities It has developed a set of methods catchy slogans colourful logos star architects bidding for City of Culture status etc that are applied as quick fix solutions regardless of geographical and socio political contexts Critical views of place branding are emerging which focus on its unexplored consequences on the physical and social fabric of places These more critical approaches reveal place branding as an essentially political activity serving hidden agendas and marginalizing social

groups Scholars and practitioners can no longer ignore the need for more responsible and socially sensitive approaches to cater for a wider range of stakeholders and which fully acknowledge the importance of resident participation in decision making The contributions in this innovative book set out to introduce new critical ways of thinking around place branding and practices that encourage it to be more inclusive and participatory It will be of interest to researchers and advanced students of branding critical marketing and destination marketing as well as critical tourism and environmental design

Tourism and Identity in Scotland, 1770-1914 Katherine Haldane Grenier, 2017-07-05 In the late eighteenth and nineteenth centuries legions of English citizens headed north Why and how did Scotland once avoided by travelers become a popular site for English tourists Katherine Haldane Grenier uses published and unpublished travel accounts guidebooks and the popular press to examine the evolution of a false view of Scotland as untouched by nineteenth century transformations
