appropriate to each By examining Hellenistic kings queens public intellectuals citizen men and women Africans servants paidagogoi fishermen peasants old women dwarfs and the disabled this study provides important new insights into what is Hellenistic about Hellenistic Art and into the anxieties of Hellenistic society In doing so it not only reconsiders familiar concepts such as the individuality of the civic elite and the apparent passivity of women but also reveals Hellenistic attitudes towards issues such as old age race and child abuse and explores power prejudice and the role of art in both reflecting and enforcing social stereotypes *House & Garden*, 1922 **Bulletin** University of Michigan.
