Tantalizing Locked Room Mysteries:

Tantalizing Locked Room Mysteries Isaac Asimov, 1982-01-01 An anthology by more than a dozen classic locked room mysteries presents short stories by such noted masters of the genre as Hecht Carr Poe and Chesterton **The Mammoth Book of Locked Room Mysteries & Impossible Crimes** Mike Ashley, 2011-09-01 This collection of criminal conundrums are more than whodunits they're howdunits and are intended to stretch your powers of deduction to the limits [The Mammoth Book of Perfect Crimes & Impossible Mysteries](#) Mike Ashley, 2011-09-01 Mystery conundrums from crime's finest storytellers Presenting 30 impossible mysteries and bizarre crimes guaranteed to fascinate and intrigue The delight in these stories is unravelling the puzzle and trying to work out what on earth happened Stories include A man alone in an all glass phone booth visible on CCTV and with no one near him is killed by an ice pick a man sitting alone in a room is shot by a bullet fired only once and that was over 200 years ago A man enters a cable car carriage alone and is visible the entire journey but is found dead when he reaches the bottom A man vanishes at the top of the Indian rope trick and is found dead miles away a dead man continues to receive mail in response to letters apparently written by him after he'd died The anthology includes several brand new stories never previously published plus a range of extremely rare stories many never reprinted since their first appearance in increasingly rare magazines **The Supernatural and Fantastic in Short Detective Fiction** Laird R. Blackwell, 2020-10-30 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements **The Dark Side of G.K. Chesterton** John C. Tibbetts, 2021-10-08 This is a critical study of the great British man of letters G K Chesterton devoted to the novels stories and essays that explore the darker fringes of his wild imagination Everything is different in the dark wrote Chesterton perhaps you don't know how terrible a truth that is Chesterton's use of the theme of gargoyles provides the thematic structure of the book It covers the detective stories of Father Brown and others the locked rooms and miracle crimes in his writing his status as a science fiction writer and the riddles and paradoxes of three works Job The Man Who Was Thursday and the play The Surprise This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press's Collected Chesterton

H.C. Bailey's Reggie Fortune and the Golden Age of Detective Fiction Laird R. Blackwell, 2017-07-14 H C Bailey's detective Reggie Fortune was one of the most popular protagonists of the Golden Age of detective fiction. Fortune appeared in nine novels yet it was in a series of 84 short stories that were published from 1920 to 1940 where he truly shone combining elements of several popular archetypes: the eccentric logician, the forensic investigator, the hard-boiled interrogator, the psychological profiler, the defender of justice. This critical study examines the Fortune stories in the context of other popular detective fiction of the era. Bailey's classics are distinguished by well-clued puzzles, brilliant sleuthing, vivid description, and social critique, with Fortune evoking images of Don Quixote and the Arthurian Knights in his pursuit of truth and justice in an uncaring world. *Golden Age Locked Room Mysteries (An American Mystery Classic)* Otto

Penzler, 2022-07-19 Fourteen impossible crimes from the American masters of the form. For devotees of the Golden Age mystery, the impossible crime story represents the period's purest form; it presents the reader with a baffling scenario: a corpse discovered in a windowless room locked from the inside. Perhaps it lays out a set of increasingly confounding clues and swiftly delivers an ingenious and satisfying solution. During the years between the two world wars, the best writers in the genre strove to outdo one another with unfathomable crime scenes and brilliant explanations, and the puzzling and clever tales they produced in those brief decades remain unmatched to this day. Among the Americans, some of these authors are still household names, inextricably linked to the locked room mysteries they devised: John Dickson Carr, Ellery Queen, Clayton Rawson, Stuart Palmer. Others associated with different styles of crime fiction also produced great works, authors including Fredric Brown, MacKinlay Kantor, Craig Rice, and Cornell Woolrich. All of these and more can be found in *Golden Age Locked Room Mysteries*, selected by Edgar Award-winning mystery expert and anthologist Otto Penzler. Featuring a delightful mix of well-known writers and unjustly forgotten masters, the fourteen tales included herein highlight the best of the American impossible crime story, promising hours of entertainment for armchair sleuths young and old. *The Ingenious Puzzles*
