question Can one simply assume that the story of the burial empty tomb and appearance narratives in John's Gospel are a
literary unity There are many issues in coherence and cohesion that have led to a wide number of interpretations given to
many different aspects of the text that is John 19 37 20 29 It is also widely recognized that John's retelling of these events are
distinctive Creevey analyses the text of John 19 37 20 29 showing that the Johannine Evangelist has created a two part
tripartite defense of two central aspects of Christian faith the case for the empty tomb and the case for the appearance
narratives Using internal literary evidence as well as external evidence from the earliest extant manuscripts he argues that
this text has been created to show that the testimony and witness of those first disciples is true and is the basis of any future
Christian belief This work addresses all the issues in the apparent lack of cohesion and coherence in the text to show that
each part of the text is connected to an overall defense of belief in these two central aspects of faith Finally what is at the
heart of these two events is the need to accept that it is the relationship that one has to Jesus and the Father that is central to
acceptance of this narrative as an inspired narrative that offers hope for all people **Environmental Enigma: Unveiling**
