

"The prescription for *Tar Heel Laughter*:
Take in large or small doses as you feel
the need, rest between guffaws, read aloud
when you can tie down a listener, pass
off what witticisms you can as your
own, keep in a safe, dry place and
never lend. You'll never get it back."

Pierce, 2019-08-20 From the late nineteenth century well into the 1960s North Carolina boasted some of the nation's most restrictive laws on alcohol production and sale For much of this era it was also the nation's leading producer of bootleg liquor Over the years written accounts popular songs and Hollywood movies have turned the state's moonshiners fast cars and frustrated Feds into legends But in *Tar Heel Lightnin'* Daniel S. Pierce tells the real history of moonshine in North Carolina as never before This well illustrated entertaining book introduces a surprisingly varied cast of characters who operated secret stills and ran liquor from the swamps of the Tidewater to Piedmont forests and mountain coves From the state's earliest days through Prohibition to the present Pierce shows that moonshine crossed race and economic lines linking men and women the rebellious and the respectable the oppressed and the merely opportunistic As Pierce recounts even churchgoing types might run shipments of that good ol' mountain dew when hard times came and there was no social safety net to break the fall Folklore popular culture and changing laws have helped fuel a renaissance in making and drinking commercial moonshine and Pierce shows how today's producers understand their ties to the past Above all this book reveals that moonshine's long colorful history features surprises that can change how we understand a state and a region **North Carolina Tar Heels** Scott Fowler, 2005 Profiles of UNC basketball players from 1955 to 2001 Folktales of Newfoundland Pbdirect J.D.A.
