Task Force Dagger The Hunt For Bin Laden:

The Hunt for Bin Laden Robin Moore, 2003 Describes the campaigns of American Green Berets in Afghanistan in the period following the September 11 terrorist attacks as they overcame Taliban and Al Qaeda forces and sent them fleeing

Task Force Dagger Robin Moore, 2003 *The Hunt for Osama bin Laden* Meg Greene, 2004-12-15 Looks at America's search for Al Qaeda leader Osama bin Laden from his addition to the FBI's list of Ten Most Wanted Fugitives in 1999 to the intensive global manhunt still underway in 2004 **Killer Elite** Michael Smith, 2008-03-04 A British journalist specializing in defense topics offers a readable useful addition to the literature on American special operations forces

Operation Anaconda Lester W. Grau, Dodge Billingsley, 2011-11-25 Long before it became Obama's War the long running conflict in Afghanistan was launched by President George W. Bush in retaliation for the 9/11 attacks on the United States Only a few months later Operation Anaconda sent American led coalition forces into their most intensely brutal confrontation with Al Qaeda and their Taliban hosts in the Shar-i-Kot Valley near the Pakistan border The result was an unexpected set piece of conventional fighting in what has become an era of guerrilla warfare Drawing upon previously unavailable or neglected sources Lester Grau and Dodge Billingsley give us the most complete and accurate account of this thirteen day firefight waged in mountainous terrain nearly two miles above sea level They describe how allied troops fought a fierce and well entrenched enemy to a standstill close to an old Soviet battlefield and then drove them completely out of Afghanistan Grau and Billingsley's account also highlights problems encountered in Anaconda and the lessons we should learn from their in depth study The Army and Air Force operated under conflicting views regarding the appropriate application of Close Air Support and airpower both crippled and aided the overall effort In addition severe shortages of transport attack helicopters and artillery hampered the effort while the acquisition and timely sharing of intelligence barely occurred at all and coalition relations frayed under the intense pressures of combat As an added bonus the authors also include with the book a documentary on DVD that features interviews with soldiers who fought in Anaconda provides additional information concerning major phases of the battle and presents insightful commentary by Grau and by Billingsley who was on the ground with U.S. forces for the operation Providing the richest description and critique of all the forces involved including those that fought on the enemy side the combined book and DVD surpasses all previous accounts of this landmark engagement and is an essential volume in the literature on our war in Afghanistan **The American Culture of War** Adrian R.
