**The Sommelier's Atlas of Taste** Rajat Parr, Jordan Mackay, 2018-10-23 Winner of the prestigious Andr Simon Drink Book Award The first definitive reference book to describe region by region how the great wines of Europe should taste This will be the go to guide for aspiring sommeliers wine aficionados who want to improve their

blind tasting skills and amateur enthusiasts looking for a straightforward and visceral way to understand and describe wine. In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting edge of trends, this book explains how to understand the wines of the world, not in the classical way but in the modern way: appellation by appellation, soil by soil, technique by technique, making it an essential reference and instant classic.
