Taste Of Macau Portuguese Cuisine On The China Coast:

Taste of Macau Annabel Jackson, 2003-09-01 Over 450 years ago the Portuguese landed in what was to be the first European colony in Asia Macau bringing their culture and their cuisine This lavishly illustrated cookbook is the first to introduce to the English speaking world one of the oldest fusion cuisines in Asia It includes 62 recipes most of which are straight from the source old family recipe collections or the files of influential Macanese chefs This book comes at an important time just after the handover in 1999 of Macau from Portuguese to Chinese rule a time when most of the Portuguese community is leaving Macau and authentic Macanese culture and way of life seems doomed to rapidly disappear Thus this book is much more than a cookbook it is a project to preserve and share for the first time a very important aspect of the Macanese world The author has spent almost ten years collecting and testing these heritage recipes getting in touch with the Macanese diaspora and asking them to reflect back and write about food in Macau *Taste of Macau* can be used as a complete reference guide to Macanese cuisine as it includes information on ingredients and where to buy them stories and information about the few remaining authentic restaurants in Macau and a fascinating discussion on the relationship between food and culture through literary excerpts and personal testimonies from important figures in the Macanese community

The Making of Macau's Fusion Cuisine Annabel Jackson, 2020-03-09 In *The Making of Macau's Fusion Cuisine* From Family Table to World Stage Annabel Jackson argues that Macanese cuisine cannot be seen as a unique product of Portuguese colonialism in southern China Instead it needs to be understood in the context of Portugal's culinary footprint in Asia and beyond She contends that the culinary cultures of other Portuguese colonies in Asia and Africa also influenced the cuisine in Macau Macanese cuisine plays a role in evoking a sense of Macanese identity within Macau as well as in the Macanese diaspora As the Macanese have increasingly defined themselves as an ethnically and culturally distinct group their cuisine has growingly been seen as a critical identifier of cohesion and difference The book shows how Macanese cuisine is moving from being an everyday production of food in a domestic setting to something more symbolic and ceremonial It also argues that the practice of recipe sharing historically controversial among the Macanese is now viewed as an important process Drawing on information gathered through interviews and surveys the book is a fascinating study of the history and development of Macanese cuisine one of the oldest fusion cuisines in Asia Annabel Jackson has more than enough knowledge to share with the readers many insights and interesting stories which are embedded in history and cultural interactions among various ethnic groups in Macau and beyond Given the fact that Macau has become the city of gastronomy this book brings in rich information and knowledge for locals and visitors to taste and to remember Sidney Cheung The Chinese University of Hong Kong Annabel Jackson's study of the development of Macanese cuisine and its role in evoking a sense of Macanese identity within Macau and the Macanese diaspora should contribute to the growing interest in the study of food and foodways within cultural and postcolonial studies Written in a lively and engaging way it achieves a good balance

between the use of primary sources and theoretical references to buttress its arguments David Brookshaw University of Bristol

Food and Foodways in Asia Sidney Cheung, Chee-Beng Tan, 2007-06-11 Food is an important cultural marker of identity in contemporary Asian societies and can provide a medium for the understanding of social relations family and kinship class and consumption gender ideology and cultural symbolism However a truly comprehensive view of food cannot neglect the politics of food production in particular how when from where and even why different kinds of food are produced prepared and supplied Food and Foodways in Asia is an anthropological inquiry providing rich ethnographic description and analysis of food production as it interacts with social and political complexities in Asia s diverse cultures Prominent anthropologists examine how food is related to ethnic identity and boundary formation consumerism and global food distribution and the invention of local cuisine in the context of increasing cultural contact With chapters ranging from the invention of local food for tourism development to Asia s contribution to world cuisine Food and Foodways in Asia will be a fascinating read for anyone interested in the anthropology of food and or Asian studies

From Famine to Fast Food Ken Albala, 2014-05-12 The foods eaten by a nation s population play a key role in shaping the health of that society This book presents country specific information on how diet food security and concepts of health critically

impact the well being of the world's population. A country's food culture and eating habits directly impact the health and well being of its citizens. Economic factors contribute to problems such as obesity and malnourishment. This book examines how diet affects health in countries around the world, discussing how the availability of food and the types of foods eaten influence numerous health factors and are tied to the prevalence of lifestyle diseases. Readers will discover the importance of diet and food culture in determining human health as well as make connections and notice larger trends within multicultural international contexts. An ideal aid for high school and college students in completing research and writing assignments, this book supplies detailed diet and health related information about most major countries and regions in a single source. Each country profile will also include a convenient fact box with statistical information such as life expectancy, average caloric intake, and other health indicators.

Heirs of the Bamboo Marisa C. Gaspar, 2020-09-11. In 1999, Macao, previously a territory under Portuguese rule, was handed over to the People's Republic of China and transformed into one of the gambling capitals of the world. These political and economic phenomena were accompanied by unprecedented social changes that ultimately have redefined the Macanese identity. This book is about the Macanese living in Portugal and their intimate social networks in loco and interactions with their counterparts in Macao and elsewhere in the diaspora by the use of Internet. Memory and ambivalence, deeply associated with kinship, language, food, and heritage, are the cornerstones of this research, which overturns colonial stereotypes and concepts of Macanese cultural purity.

Ethnic American Food Today: A Cultural Encyclopedia Lucy M. Long, 2015-07-17. *Ethnic American Food Today* introduces readers to the myriad ethnic food cultures in the U.S. today. Entries are organized alphabetically by nation and present the background and history of each food culture along with explorations of the place of that food in mainstream American society today. Many of the entries draw upon ethnographic research and personal experience, giving insights into the meanings of various ethnic food traditions as well as into what, how, and why people of different ethnicities are actually eating today. The entries look at foodways, the network of activities surrounding food itself, as well as the beliefs and aesthetics surrounding that food and the changes that have occurred over time and place. They also address stereotypes of that food culture and the culture's influence on American eating habits and menus, describing foodways practices in both private and public contexts, such as restaurants, groceries, social organizations, and the contemporary world of culinary arts. Recipes of representative or iconic dishes are included. This timely two-volume encyclopedia addresses the complexity and richness of both ethnicity and food in America today.
