Commonly used by dietetic practitioners studying for their Pediatric Specialty exams, registered dietitians, dietetic technicians, nutritionists, pediatricians, nurses, and dietetic students, this book is considered the last word in pediatric nutrition. **Nutrition Care of the Older Adult: a**

Handbook for Dietetics Professionals Working Throughout the Continuum of Care Kathleen C. Niedert, Becky Dorner, 2004. Completely revised with new chapters and sections covering everything the health care provider needs to know when working with the older adult, either at home or in nursing and long term care facilities. Chapters cover factors affecting nutrition, nutrition and disease, nutritional assessment, dining challenges, and regulatory compliance. This scientifically sound and practical resource for new and experienced nutrition professionals includes new forms, resources, the food guide pyramid for older adults, and an index of terms. **Nutrition Counseling in the Treatment of Eating Disorders** Marcia Herrin, 2012-11-12. Most eating disordered patients believe themselves to be experts on the subject of nutrition; therefore, the job of effective patient counseling becomes even more challenging. This book presents both nutritional and physiological information in a thoroughly detailed manner. The compilation of concepts, techniques, and alternatives makes the book unique in style and content. Addressing the food, weight, and nutrition issues that must be tackled in the treatment of eating disordered individuals, this text will give professionals the necessary information for effective patient counseling.
