The Haunted World Of Edward D Wood Jr:

Ed Wood, Mad Genius Rob Craig, 2009-09-12 Filmmaker Ed Wood was controversial and critically maligned even labeled the worst director of all time yet he achieved cult status and remains of great interest today This book frames Wood s work such as the cross dressing themed Glen or Glenda and the haphazard Bride of the Monster as reflections of the culture of their era Wood invariably worked with infinitesimal budgets shooting at breakneck speed incorporating plot twists that defied all logic Yet there was a tangible if unfocused thematic thrust to Wood s films which meditate fitfully on gender religion and society revealing a holy trinity of fixations sex death and resurrection Wood s infamous Plan 9 From Outer Space encapsulates the fixations and flaws that were his hallmarks and with 22 other films is explored here A filmography and 47 photographs are included

The Philosophy of Tim Burton Jennifer L. McMahon, 2014-03-19 In 1952 just one year after Coach Adolph Rupp s University of Kentucky Wildcats won their third national championship in four years an unlikely high school basketball team from rural Graves County Kentucky stole the spotlight and the media s attention Inspired by young coach Jack Story and by the Harlem Globetrotters the Cuba Cubs grabbed headlines when they rose from relative obscurity to defeat the big city favorite and win the state championship A classic underdog tale The Graves County Boys chronicles how five boys from a tiny high school in southwestern Kentucky captured the hearts of basketball fans nationwide Marianne Walker weaves together details about the players their coach and their relationships in a page turning account of triumph over adversity This inspiring David and Goliath story takes the reader on a journey from the team s heartbreaking defeat in the 1951 state championship to their triumphant victory over Louisville Manual the next year More than just a basketball narrative the book explores a period in American life when indoor plumbing and electricity were still luxuries in some areas of the country and when hardship was a way of life With no funded school programs or bus system the Cubs s success was a testament to the sacrifices of family and neighbors who believed in

their team Featuring new photographs a foreword by University of Kentucky coach Joe B Hall and a new epilogue detailing where the players are now The Graves County Boys is an unforgettable story of how a community pulled together to make a dream come true

Trash Culture Gillian Pye,2010 In the late twentieth and early twenty first centuries concerns about the environment and the future of global capitalism have dominated political and social agendas worldwide The culture of excess underlying these concerns is particularly evident in the issue of trash which for environmentalists has been a negative category heavily implicated in the destruction of the natural world However in the context of the arts trash has long been seen as a rich aesthetic resource and more recently particularly under the influence of anthropology and archaeology it has been explored as a form of material culture that articulates modes of identity construction In the context of such shifting often ambiguous attitudes to the obsolete and the discarded this book offers a timely insight into their significance for representations of social and personal identity The essays in the book build on scholarship in cultural theory sociology and anthropology that suggests that social and personal experience is embedded in material culture but they also focus on the significance of trash as an aesthetic resource The volume illuminates some of the ways in which our relationship to trash has influenced and is influenced by cultural products including art architecture literature film and museum culture

Whose Lives Are They Anyway? Dennis Bingham,2010-03-04 The biopic presents a profound paradox its own conventions and historical stages of development disintegration investigation parody and revival have not gained respect in the world of film studies That is until now Whose Lives Are They Anyway boldly proves a critical point The biopic is a genuine dynamic genre and an important one it narrates exhibits and celebrates a subject s life and demonstrates investigates or questions his or her importance in the world it illuminates the finer points of a personality and ultimately it provides a medium for both artist and spectator to discover what it would be like to be that person or a certain type of person Through detailed analyses and critiques of nearly twenty biopics Dennis Bingham explores what is at their core the urge to dramatize real life and find a version of the truth within it The genre s charge which dates back to the

salad days of the Hollywood studio era is to introduce the biographical subject into the pantheon of cultural mythology and above all to show that he or she belongs there It means to discover what we learn about our culture from the heroes who rise and the leaders who emerge from cinematic representations Bingham also zooms in on distinctions between cinematic portrayals of men and women Films about men have evolved from celebratory warts and all to investigatory to postmodern and parodic At the same time women in biopics have been burdened by myths of suffering victimization and failure from which they are only now being liberated To explore the evolution and lifecycle changes of the biopic and develop an appreciation for subgenres contained within it there is no better source than *Whose Lives Are They Anyway* **Invented Lives, Imagined Communities** William H. Epstein, R. Barton Palmer, 2016-06-06 Biopics films that chronicle the lives of famous and notorious figures from our national history have long been one of Hollywood's most popular and important genres offering viewers various understandings of American national identity *Invented Lives Imagined Communities* provides the first full length examination of US biopics focusing on key releases in American cinema while treating recent developments in three fields cinema studies particularly the history of Hollywood national identity studies dealing with the American experience and scholarship devoted to modernity and postmodernity Films discussed include *Houdini* *Patton* *The Great White Hope* *Bound for Glory* *Ed Wood* *Basquiat* *Pollock* *Sylvia* *Kinsey* *Fur* *Milk* *J Edgar* and *Lincoln* and the book pays special attention to the crucial generic plot along which biopics traverse and showcase American lives even as they modify the various notions of the national character **Vampira and Her Daughters** Robert Michael "Bobb" Cotter, 2017-01-25 From *Vampira* to *Elvira* Mistress of the Dark female horror movie hosts have long been a staple of late night television Broadcast on local stations and cable access channels characters such as *Moona Lisa* *Stella Crematia Mortem* and *Tarantula Ghoul* brought an entertaining blend of macabre camp and after prime time sexuality to American living rooms in the 1950s through 1990s Despite a near total lack of local programming today the tradition continues on the Internet and Roku and other modern media Featuring exclusive interviews and rare photographs this book covers dozens of dream ghouls with alphabetical entries from Aunt Gertie to Veronique Von Venom **Dad Made Dirty Movies** Jordan Todorov, Joe Blevins, 2020-09-18 Strippers zombies fugitives and jewel thieves These were just some of the characters who inhabited the weird wild films of director Stephen C Apostolof in the 1960s and 1970s But Apostolof's own life was every bit as improbable as the plots of his lurid movies Escaping the clutches of the communists in his native Bulgaria he came to America in 1952 and decided on a whim to reinvent himself as a Hollywood filmmaker right down to the cigars sunglasses and Cadillacs He produced a string of memorable sexploitation classics including the infamous *Orgy of the Dead* Along the way he married three times fathered five children and forged a personal and professional relationship with the notorious Ed Wood Jr Drawing on rare archival material and interviews with those who knew him best this first biography of Apostolof chronicles the life and career of a cult film legend *Spinegrinder* Clive Davies, 2015-03-06 First came video and more recently high definition
