McMeekin,2021-04-20 A prize winning historian reveals how Stalin not Hitler was the animating force of World War II in this major new history World War II endures in the popular imagination as a heroic struggle between good and evil with villainous Hitler driving its events But Hitler was not in power when the conflict erupted in Asia and he was certainly dead before it ended His armies did not fight in multiple theaters his empire did not span the Eurasian continent and he did not inherit any of the spoils of war That central role belonged to Joseph Stalin The Second World War was not Hitler s war it was Stalin s war Drawing on ambitious new research in Soviet European and US archives Stalin s War revolutionizes our understanding of this global conflict by moving its epicenter to the east Hitler s genocidal ambition may have helped unleash Armageddon but as McMeekin shows the war which emerged in Europe in September 1939 was the one Stalin wanted not Hitler So too did the Pacific war of 1941 1945 fulfill Stalin s goal of unleashing a devastating war of attrition between Japan and the Anglo Saxon capitalist powers he viewed as his ultimate adversary McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain s self defeating strategic moves beginning with Lend Lease aid as American and British supply boards agreed almost blindly to every Soviet demand Stalin s war machine McMeekin shows was substantially reliant on American materi l from warplanes tanks trucks jeeps motorcycles fuel ammunition and explosives to
