

The Sirens

The sirens sing to each other in the street
from asphalt to ambush
they echo the cry of the fallen soldier

Dragging the wounded from the streets
they race to quell the war
the crazy time

By dawn they will collapse
Exhausted
and sleep the restless sleep of mothers

Then

Under cover of darkness

The pilots will fly again

And angry drunken locomotives will collide in the night
with swollen fists and broken glass

While the sirens

Sombre

Wait

Sirens Poems Volume:

Sirens , **The Complete Works of W. H. Auden: Poems, Volume I** W. H. Auden, 2022-06-14 The first of two volumes of the eagerly anticipated first complete edition of Auden's poems including some that have never been published before W. H. Auden 1907-1973 is one of the greatest poets of the twentieth century and his reputation has only grown since his death. Published on the hundredth anniversary of the year in which he began to write poetry, this is the first of two volumes of the first complete edition of Auden's poems. Edited, introduced, and annotated by renowned Auden scholar Edward Mendelson, this definitive edition includes all the poems Auden wrote for publication in their original texts and all his later revised versions as well as poems and songs he never published, some of them printed here for the first time. This volume traces the development of Auden's early career and contains all the poems, including juvenilia, that he published or submitted for publication from his first printed work in 1927 at age twenty through the poems he wrote during his first months in America in 1939 when he was thirty-two. The book also includes poems that Auden wrote during his adult career with the expectation that he might publish them but which he never did, song lyrics that he wrote to be set to music by Benjamin Britten but which he never put into print, and verses that he wrote for magazines at schools where he was teaching. The main text presents the poems in their original published versions. The notes include the extensive revisions that he made to his poems over the course of his career and provide explanations of obscure references. The second volume of this edition, *Poems Volume 2* 1940-1973, is also available. *Poems of Dennis Brutus* , 2005 **The Galilean** Dennis L. Siluk Dr. h.c., 2015-02-10 The poems within this volume consist of a series called *The Galilean*. 87 poems out of 653 have been selected from six chapbooks of which six thousand copies have been handed out freely to churches, individuals, and facilities seeking the wisdom of the scriptures concerning Jesus Christ's love and salvation. Three chapbooks were sent to Pope Francis, whom gave a favorable response. This is the author's *Magnus Opus* in poetry. Deep into the book's inner core, one will discover its mysteries, those seldom brought to light. A two-year project. *The Commentary for the poem Conclusion: God's Existence* is excellent. Sister Marleny Rojas 11/2013, Directora del Colegio Santa Mara Madre de Dios. I like the poem *God's Nature*. Marissa Cardenas, Journalist, *Correo Newspaper*, Huancayo, Peru, 2013. With great regard and admiration, you being a decorous person. *Poems for the Soul: The Galilean* tells us the reader, once more, of your endless layers and poetic productions which exalt the intelligence and human culture. Siluk,2014-07-16 Most folks to include poets prefer poetry on death to entail mostly courage and strength I dont disagree completely with that only partly for submissive suffering is also involved yet many folks just do not want to look at both sides of the dying Nowadays things are changing and it is more permissible yet still bold to mix them together and thus here we have just that I prefer true emotions be it aggressive or passive when going through death voyages for such are during a paramount loss of a loved one dying day by day especially ones mother as in Days In the
