Sisters and Brothers for Life Suzanne Degges-White, 2017-06-21 Sibling relationships are special in many ways not least because often siblings are the family members who go through their whole lives together But those relationships can be fraught with strife or tension bouts of happiness or strain and stress They can predict and affect other relationships in our lives and they can offer solace or sadness over the years Here Suzanne Degges White looks at the variety of sibling relationships with an eye to improving both the good and the bad Using real stories throughout the author illustrates the broad spectrum of problems and rewards that can come from having a sibling Examining such factors as the early family constellation birth order cultural diversity and family communication patterns Degges White illustrates how these relationships can affect so many other areas of our lives and considers how adult sibling conflict rivalry abuse and loss influence our lives She offers suggestions for effective responses to adult sibling conflict as well as enhancing family communication and deepening the sibling connection in adulthood No matter what the sibling relationship is or has become this work will help readers consider how situations might be improved or addressed even if it means letting go of unhealthy sibling relationships

Sisters and Brothers Forever H. Norman Wright, 1999

Brothers and Sisters Henry Abramovitch, 2014-11-18 Growing up we typically spend more time with our brothers and sisters than we do with our parents In an age of divorce mobility and alienation the sibling bond is often the only one that really lasts Given that brothers and sisters are such a fundamental aspect of human existence it is remarkable that they have received so little in depth attention in the field of psychology Henry Abramovitch's *Brothers and Sisters* explores the tension between the myth and reality of brothers and sisters in a variety of cultures and through the poignant brother sister stories in the Bible Abramovitch looks at the developmental sequence in the sibling relationship as brothers or sisters struggle to find their place with each other concluding with a very personal account of his own relationship with his brother and sister
