There are twenty-three stories of successful people such as a circus clown, a chief of police, and a POW who through the course of their lives reached a level of personal success. The book reveals that their success is hidden in the CARDS which stands for commitment, attitude, resources, decision making, and scheme. The book concludes with identifying how the reader can develop and apply these attributes to their journey to success. There are also exercises in the book that can be used in the classroom to teach these concepts. *Winning at the Card Game of Life* is for anyone who wants to create and achieve a successful life. Based upon the basic premise that Success depends not on the cards you were dealt but rather on how you play them, the book reveals how everyone can be successful. Through the use of twenty-three life stories of noncelebrity yet successful people as examples, Dr. McGlenn develops the concept that success is hidden in the CARDS and how everyone can design their own blueprint for success.
