Cookbook Tony Wilkins, 2007-02-16 A friend told me about a new person he'd invited over for dinner later that night Since my friend is the world's worst cook and hates cookbooks too complicated and the recipes are never broken down for single serving meals the task fell to me to help My suggestions included everything from a roasted chicken to a stir fry I also told him he could have me prepare the meal for him but do take out or starve I could help him come up with a few simple recipes he could make himself in 30 minutes or less While putting together his menu he asked me a question Have you ever thought of writing a cookbook To which I replied if I did it would be specifically for single people And as they say necessity is the mother of invention The Single Person's Cookbook is written for anyone without a wife husband children or significant other to cook for Or for anyone needing to impress a date or serve a special someone a great meal because you care In short it is for anyone who wants a simple fast elegant low fat and yes romantic home cooked meal in minutes Each chapter will include approximately 5-10 recipes a piece and tips to help make the cooking process easier and more enjoyable Although I have included measurements for these recipes as a frame of reference I'd like to note that I rarely ever measure anything ever In creating a simple meal I find that using the six senses instinct being the sixth are far more important and reliable than a measuring cup As a single man myself over 40 I'm often aware of the irony of life's little lessons The blind date that turns out to be your ex-lover's ex-lover This book will not only be informative from a culinary standpoint but also offers funny little observations about getting through life as a single person of a certain age Think Sex in the City meets 30 Minute Meals from a gay man's point of view The book also offers tips on fitness I went from 232 lbs to 165 lbs in about a year as well as ways to save money on your food bill Upcoming books in The Single Person's Cookbook series include Cooking from your Garden and Southern Cooking **The Low-FODMAP 6-Week Plan and Cookbook** Suzanne Perazzini, 2018-02-13 A 6 Week Plan Workbook with Recipes Meal Plans and Strategies for Transitioning to a Low FODMAP diet

National Museum of Singapore Guide Lola Lenzi, 2007 Undoubtedly the National Museum of Singapore is top of the must-do list in Singapore for visitors and residents alike This guide introduces the building and the star treasures it houses *Beyond the Superficial: Making Sense of Food in a Globalized World* Swetha Anthony, Elizabeth M. Schmidt, 2019-01-04 This volume was first published by Interdisciplinary Press in 2016 The ten essays which make up this volume create a delectable salad which

stands out both in taste and appeal through a multifarious exploration of themes enriching the all inclusive discourse on food. Rather than reiterating the debates that have been hashed and re hashed in various disciplines the essays compiled here explore novel ideas and spark unique discussions regarding the situatedness of food in everyday life using parameters such as culture identity space and taste. Employing unique inter and intra disciplinary methodologies and critical approaches each article explores the evolution of definitions of food cuisine and foodways and focuses on the ways in which discussions about food have moved beyond the superficial food as a means of survival to play a role in economic social political cultural and ideological realms. By transcending boundaries of discipline methodology and interest areas this compilation will appeal to the tastes of anyone interested in food.

The Modern Ayurvedic Cookbook Amrita Sondhi, 2006-10-01 Ayurveda is a holistic healing tradition from India whose history is linked to the development of yoga. It is an ancient system in which physical and spiritual well being comes from a number of sources including a healthful diet based on one's individual constitution. Ayurveda is about achieving a physical and spiritual balance through a number of means including yoga aromatherapy and diet. This all vegetarian cookbook based on Ayurvedic traditions features delectable and nutritious recipes that appeal to particular doshas which are one's personal constitution based on physical and mental characteristics: fire, pitta, air, vata, and earth, kapha. The book includes a dosha questionnaire so readers can determine their own. And while the recipes are authentically Ayurvedic they feature easy to find ingredients and modern day cooking methods appropriate for busy schedules. The book also includes yoga postures, cleansing programs and information on aromatherapy, color therapy and Abhyanga massage. There are also suggested meat substitutions for non vegetarians. Ayurveda is not exclusively vegetarian although this book is. Written with both converts and beginners in mind, *The Modern Ayurvedic Cookbook* is a twenty first century approach to a five thousand year old tradition that will restore your health, energy and sense of well being.

Consciousness Mattering Peter D. Herschok, 2023-12-14 *Consciousness Mattering* presents a contemporary Buddhist theory in which brains, bodies, environments and cultures are relational infrastructures for human consciousness. Drawing on insights from meditation, neuroscience, physics and evolutionary theory, it demonstrates that human consciousness is not something that occurs only in our heads and consists in the creative elaboration of relations among sensed and sensing presences and more fundamentally between matter and what matters. Herschok argues that without consciousness there would only be either unordered sameness or nothing at all. Evolution is consciousness mattering. Shedding new light on the co emergence of subjective awareness and culture, the possibility of machine consciousness, the risks of algorithmic consciousness hacking and the potentials of intentionally altered states of consciousness, Herschok invites us to consider how freely, wisely and compassionately consciousness matters.

Six Women Who Shaped What Americans Eat Michelle Mart, 2025-07-15 *Six Women Who Shaped What Americans Eat* tells the story of how food choice in modern America has been influenced by culture, industrial abundance and health narratives. Mart reflects on the careers of six women to illustrate the

varied and overlapping influences on food choice Each of these women had a substantial impact on American cuisine attitudes toward food and what people chose to eat They highlighted the politics of food the pleasure of food the connection between food and health and the environmental harm of poor food choices Part one of the book discusses the bounties of the modern American food system and covers Hazel Stiebeling Poppy Cannon and Julia Child Stiebeling was a chemist and government nutritionist beginning in the 1930s and shaped dietary guidelines and school lunches that affected generations of Americans Cannon a best selling cookbook author and newspaper columnist gained fame in the 1950s by preaching the wonders of processed food Child another cookbook author and television personality starting in the 1960s celebrated French cuisine and made it accessible to American cooks and palates Part two examines the hidden costs of abundance and covers Frances Moore Lapp Marion Nestle and Alice Waters Lapp was an author and activist concerned with the environmental impact of food in the late 20th century and who is credited with bringing vegetarianism into the mainstream Nestle was an academic nutritionist government consultant and author who decried the undue influence of food corporations Waters a celebrity chef restaurateur and food activist became a symbol of alternative food movements in the 21st century
