The Psychology of War and Peace Fred van Houten, 2013-06-29 Can a Baby Be an Enemy Our world is in a deep prolonged crisis The threat of global nuclear war the chronic condition of local wars the imperilled environment and mass starvation are among the major forms this crisis takes The dangers of massive overkill overexploitation of the environment and overpopulation are well known but surprisingly little has been said about their potential interactions their bearing upon each other If there were to be a nuclear confrontation between today's superpowers it might not take place in today's world but in a far less friendly habitat such as the world may be some decades hence And it need hardly be added that the era of this particular super power configuration may be waning rapidly its place to be taken by other international arrangements not necessarily less threatening To understand and cope with our situation we need correspondingly serious reflection This volume forms a welcome part of that process Unavoidably a large part of our thinking about the issues of human survival must be oriented to physical and biological aspects of the total danger But it has not escaped the authors of this book that coupled with these aspects there are profound psychological dangers such as loss of the sense of futurity moral deterioration and a fatalistic decline in the will to struggle to protect our home the Earth **The Comic Art Collection Catalog** Michigan State University Libraries. I have the Power! A mysterious toxic gas is spreading across Eternia, ravaging farmlands and endangering citizens. The planet's only hope lies with Adam, a lost prince with cosmic abilities. When he wields the mystical Sword of Power, he transforms from a scrawny teen into He-Man, the most powerful man in the universe. With his friends Teela, Cringer, Duncan, and Krass by his side, Adam embarks on a dangerous journey facing pirates, dragons, and perils at every turn in search of Moss Man, a legendary figure who might hold the key to stopping the devastating stench. With over 300 pages of lovingly assembled content, this compendium is the perfect addition to any Masters of the Universe fan's collection. By the power of Grayskull, you have the power. This book is so epic, the digital version had to be split into two parts. This is part two of two.

He-Man and the Masters of the Universe: The Newspaper Comic Strips Chris Weber, 2017-02-14 For over four years, Masters of the Universe had its own newspaper comic strip. This story continued the tales from the Filmation cartoon, bridged the saga to the space-themed New Adventures of He-Man cartoon relaunch. The comic strip only ran in selected newspapers and was never reprinted, so most fans have never read it until now. For the first time ever, Dark Horse brings you a collection of these strips, restored and ready for you to unleash the Power.
