Heralded in the Literary Review of Canada as one of the one hundred most important Canadian books this enduring work by Yale University's Robin W. Winks offers a wealth of information for fresh interpretation. Now fifty years from its original printing, this third edition includes a foreword by George Elliott Clarke, E. J. Pratt Professor of Canadian Literature at the University of Toronto. Clarke's contribution adds a necessary critical lens through which twenty-first century readers should view Winks's research. The longevity of Blacks in Canada is due to an impressive array of primary and secondary materials that illuminate the experiences of Black immigrants to Canada. These experiences include the forced migration of enslaved Black people brought to Nova Scotia and the Canadas by Loyalists at the end of the American Revolution; Black refugees who fled to Nova Scotia following the War of 1812; Jamaican Maroons and fugitive slaves who fled to British North America. The book also highlights Black West Coast businessmen who helped found British Columbia, particularly Victoria, and Black settlement in the prairie provinces. Crucially, Blacks in Canada investigates the French and English periods of slavery, the abolitionist movement in Canada, and the role played by Canadians in the broader continental antislavery crusade, as well as Canadian adaptations to nineteenth and twentieth-century racial mores.

The Black Baptist Experience in Canada Gordon L. Heath, Dudley A. Brown, 2025-04-08 This groundbreaking book is a history of the Black Baptist experience in Canada. It includes diverse and informative chapters on events, themes, and organizations such as the underground railway, gender, architecture, literature, civil rights, empire, and associations. Mitchell.

Blacks in the American West and Beyond--America, Canada, and Mexico George H. Junne, 2000-05-30 Almost a century before their arrival in the English New World, Blacks appeared alongside the Spanish in what is now the American West. Through their families, communities, and institutions, these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment. Comprehensively indexing a variety of research materials on Blacks in the North American West, Junne offers an invaluable navigational tool for students of American and African American history. Entries are organized both geographically and topically and cover a broad range of subjects including cross-cultural interaction, health, art, and law. Contains a complete compilation of African American newspapers.

Unsettling the Great White North Michele A. Johnson, Funké Aladejebi, 2022-01-27 An exhaustive volume of leading scholarship in the field of Black Canadian history, *Unsettling the Great White North* highlights the diverse experiences of persons of African descent within the chronicles of Canada's past. The book considers histories and theoretical framings within the disciplines of history, sociology, law, and cultural and gender studies to chart the mechanisms of exclusion and marginalization in multicultural Canada and to situate Black Canadians as speakers and agents of their own lives. Working to interrupt the myth of benign whiteness that has been deeply implanted into the country's imagination, *Unsettling the Great White North* uncovers new narratives of Black life in Canada.

A History of Human Rights in Canada Janet

Miron, 2009 Human rights equality and social justice are at the forefront of public concern and political debate in Canada. Global events especially the war on terrorism have fostered further interest in the abuse of human rights especially when sanctioned or perpetuated by democratic governments. This groundbreaking contributed volume seeks to shed light on this topic by uniting original essays that examine the history of human rights in Canada. Contributors explore a variety of themes integral to the post confederation period including immigration and ethnicity, gender, sexuality, class, disability, state formation, and provincial/federal relations. Three key issues emerge throughout: incidents of discrimination in both government and society; the efforts of human rights and civil liberties activists to create a more open and tolerant society; and the implementation of state legislation designed to protect or enhance civil rights.
