

GEORGE PATTON

The Biography Of General George S Patton

Stanley Hirshson

The Biography Of General George S Patton:

The Biography of General George S. Patton Ian V. Hogg, 1982-01-01 **General George S. Patton - Old Blood and Guts (Biography)** Biography, 2008-05 General George S Patton Old Blood and Guts is the biography of General George S Patton a leading U S Army general in World War II in campaigns in North Africa Sicily France and Germany 1943 1945 During World War I Patton was a senior commander of the new tank corps and saw action in France After the war he was an advocate of armored warfare but was reassigned to the cavalry In World War II he commanded both corps and armies in North Africa Sicily and the European Theater of Operations The popular image of Old Blood and Guts contrasts with historians image of a brilliant military leader whose record was stained by a lack of personal control and his outspoken behavior General George S Patton Old Blood and Guts is highly recommended for those interested in the history and life of this controversial American army general **Patton** Carlo D'Este, 1996-09-27 Patton A Genius for War is a full fledged portrait of an extraordinary American that reveals the complex and contradictory personality that lay behind the swashbuckling and brash facade According to Publishers Weekly the result is a major biography of a major American military figure This massive work is biography at its very best Literate and meaty incisive and balanced detailed without being pedantic Mr D Este s Patton takes its rightful place as the definitive biography of this American warrior Calvin L Christman Dallas Morning News D Este tells this story well and gives us a new understanding of this great and troubled man The Wall Street Journal An instant classic Douglas Brinkley director Eisenhower Center War as I Knew it George Smith Patton, 1995 The personal and candid account of General Patton s celebrated relentless crusade across western Europe during World War II First published in 1947 War as I Knew It is an absorbing narrative that draws from Patton s vivid memories of battle and his detailed diaries covering the moment the Third Army exploded onto the Brittany Peninsula to the final Allied casualty report The result is not only a grueling human account of daily combat and heroic feats including a riveting look at the Battle of the Bulge but a valuable chronicle by one of the most brilliant military strategists in history Patton s letters from earlier military campaigns in North Africa and Sicily complemented by a powerful retrospective of his guiding philosophies further reveal a man of uncompromising will and uncommon character which made Georgie a household name in mid century America *General George S. Patton, Jr.* James Wellard, 2013-10 This is a new release of the original 1946 edition "Blood and Guts" John Devaney, 1982 A biography of the controversial commander of the Third Army in World War II General George S Patton Jr James Wellard, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *The Button Box* Ruth Ellen Patton Totten, 2005 There was never a moment in our lives that we were not reminded that our father was the

finest bravest most gallant and best looking man who ever lived and that he was destined for unimaginable glory This we took for granted Being our father s children was a special influence in all our lives but the greatest most pervasive and most interesting influence in my life was Ma The Button Box is the loving memoir of Beatrice Ayer Patton 1886 1953 the wife of one of the greatest military figures in history General George S Patton Jr Written by the Pattons daughter Ruth Ellen the book covers Beatrice s life from her youth in a wealthy New England family until her death with an emphasis on her years of marriage to George Patton A supportive and loving wife Beatrice was accomplished in her own right as an equestrian musician lecturer sailor and internationally published author Courageous and adventurous Beatrice played a significant role in her husband s life Without her General Patton might never have reached his own level of success Although there have been numerous books written on George S Patton The Button Box provides a unique perspective on the general s complex personality as well as a rare and intimate look inside his famous American family a glimpse of the Old Army that formed the cadre of the army of World War II and a detailed description of life between the wars in a society not to be seen again Most important though it is the story of a truly fascinating woman told with love and a rowdy sense of humor by her daughter

General Patton Stanley Hirshson,2003-08-05 General George S Patton Jr an inspirational leader and outstanding tactician has intrigued and confounded his biographers Utilising untapped archival materials in both the USA and UK government documents family papers and oral histories Hirshson creates the most balanced portrait of Patton ever written It reveals Patton as a complex soldier capable of brilliant military manoeuvres but also of inspiring his troops with fiery speeches that resulted in horrendous acts such as the massacres of Italian civilians It explains Patton s belief in a soldier s Valhalla connects the family s wealth to one of America s bitterest labour strikes and disputes the usual interpretation of Patton s relief from command of the Third Army In investigating this complex man Hirshson has uncovered surprising material about a series of civilian massacres in Sicily about the two slapping incidents about attempts to exploit Patton s diary after his death and about Patton s relations with top Allied generals Patton emerges as a soldier of great imagination and courage and his military campaigns make for edge of the seat reading All the drama of Patton s life comes alive in this meticulously documented volume

General George S. Patton and the Art of Leadership William Nester,2025-03-30 For General George S Patton Leadership is the thing that wins battles I have it but I ll be damned if I can define it Probably it consists in knowing what you want to do and then doing it and getting mad if anyone steps in the way Self confidence and leadership are twin brothers Indeed Patton excelled at virtually every dimension of leadership most vitally as a war commander His record as a general is clear The larger more armored and better supplied his armies and the freer he was to decide what to do with them the more rapid and further they advanced to inflict more defeats on the enemy In that no other American army commander matched him during World War II That ranks Patton among the Valhalla of America s greatest generals with him most resembling Thomas Stonewall Jackson and Nathan Bedford Forrest as a fast moving hard hitting

commander who repeatedly outflanked and devastated enemy forces Patton led from the front and tried to inspire his troops by being a model officer who exemplified bravery problem solving tactical brilliance and decisiveness He was in near constant motion from his headquarters to rear echelon and front line troops everywhere exhorting them to greater efforts and overcoming challenges at times enduring shell fire strafing mines snipers and other dangers His greatest attribute was his drive to be the best at whatever he chose or was ordered to do He recognized that developing a successful military career depended not just on will and chance but on incessant training and study Yet he believed that instincts were just as vital as skills in being a successful leader I have a sixth sense in war and can put myself in the enemies head and I am also willing to take chances Patton harbored plenty of flaws He was a narcissist who constantly strove to be center stage and outshine his rivals He contrived an idealized version of himself as the epitome of the brilliant general and fearless soldier immaculately dressed and spent his life playing that role He was a braggart who regaled listeners with at times exaggerated tales of his past deeds and those yet to come His boasting did have one positive element He sought to surpass his past glories with greater future victories Patton seesawed between elation and despair rage and compassion He could chew out a subordinate for some mistake in the morning and comfort him for a similar mistake in the afternoon His quick temper and provocative views often overpowered his self control Twice that cost him an army command During Germany s occupation in August 1945 he casually quipped to several reporters that being a Nazi in Germany was no different from being a Republican or Democrat in the United States For that Eisenhower relieved him from Third Army s command Most notoriously during the Sicily campaign he slapped two soldiers suffering combat fatigue that he accused of malingering General George S Patton and the Art of Leadership is his most psychologically penetrating biography that captures the paradoxical character behind his brilliant military feats and often dismaying failures Throughout Patton explains his values and deeds through hundreds of quotes along with scores of insights from those who knew him comrades and critics alike

The Biography Of General George S Patton Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever.
