**Upright on Broken Limbs** Barbara J. Weekley, 2013-05-24 This book addresses the other casualties of trauma and loss. It is a tool and guide designed to help the spouse and family members process the catastrophic event affecting their loved one. For Barbara, her husband's Traumatic Brain Injury left her emotionally paralyzed and physically drained until she devised a simple sense ability therapy which she could implement at any time of the day or night. Barbara demonstrates how her personal 911 experience evolved into a positive progression which piques the senses and strengthens the most forlorn spirit.

**Communism. Selections from Marx, Engels, Kropotkin, Lenin, Stalin, Trotsky** Karl Marx, Friedrich Engels, Peter Kropotkin, Vladimir Lenin, Joseph Stalin, Leon Trotsky, 2025-03-26 Communism is a left wing to far left sociopolitical philosophical and economic ideology within the socialist movement whose goal is the establishment of a communist society, a socioeconomic order centered around common ownership of the means of production, distribution, and exchange that allocates products to everyone in the society. Communist society also involves the absence of private property, social classes, money, and the state. Communists often seek a voluntary state of self-governance but disagree on the means to this end. This reflects a distinction between a more libertarian approach of communization, revolutionary spontaneity, and workers' self-management and a more vanguardist or Communist party-driven approach through the development of a constitutional socialist state followed by the withering away of the state. As one of the main ideologies on the political spectrum, communism is placed on the left wing alongside socialism, and communist parties and movements have been described as radical left or far left.

The Collected Works. Illustrated Leon Trotsky, 2021-09-09 Leon Trotsky was a Ukrainian Russian Marxist revolutionary, political theorist, and politician. Ideologically a communist, he developed a variant of Marxism which has become known as Trotskyism. His politics differed from some aspects from those of Stalin or Mao Zedong, most importantly in his rejection of the theory of Socialism in one country and his declaring of the need for an international permanent revolution. This book contains Trotsky on Lenin, My Life, The Revolution Betrayed, The Bolsheviks and World Peace, and others.

A. Gur'ianova, 2009 From the first Modernist exhibitions in the late 1890s to the Soviet rupture with the West in the mid 1930s Russian artists and writers came into wide contact with modern European art and ideas Introducing a wealth of little known material set in an illuminating interpretive context this sourcebook presents Russian and Soviet views of Western art during this critical period of cultural transformation The writings document complex responses to these works and ideas before the Russians lost contact with them almost entirely Many of these writings have been unavailable to foreign readers and until recently were not widely known even to Russian scholars Both an important reference and a valuable resource for classrooms the book includes an introductory essay and shorter introductions to the individual sections
