Moved to Tears Rebecca Bedell, 2018-11-13 In this volume Bedell examines received ideas about sentimental art Countering its association with trite and saccharine Victorian kitsch she argues that major American artists from John Trumbull and Charles Willson Peale in the eighteenth century and Asher Durand and Winslow Homer in the nineteenth to Henry Ossawa Tanner and Frank Lloyd Wright in the early twentieth produced what was understood in their time as sentimental art art intended to develop empathetic bonds and to express or elicit social affections including sympathy compassion nostalgia and patriotism

French Paintings: A Catalogue of the Collection of The Metropolitan Museum of Art. Vol. 2, Nineteenth Century, *The Poster* Ruth E. Iskin, 2014-10-07

The Poster Art Advertising Design and Collecting 1860s 1900s is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising

Impressionist Quartet Jeffrey Meyers, 2016-04-01 In this book Jeffrey Meyers follows the lives of four Impressionist painters whose rebellious work was scorned by the critics and derided by their contemporaries. The French art establishment dismissed them altogether and at the time they sold for very little. *Impressionist Quartet* describes the relationships between these artists and how they struggle emotionally and intellectually to create a new way of seeing and representing the world.

Mary Cassatt Griselda Pollock, 2022-07-07 A close ally of Camille Pissarro, Berthe Morisot and Edgar Degas, Mary Cassatt was the only American painter at the heart of the Impressionist group in Paris. Highly respected on both sides of the Atlantic, Cassatt was a forthright advocate for women's intellectual, creative and political emancipation. She brought her discerning gaze and compositional inventiveness across many media to the subtle social interactions of women in public and private spaces such as at the theatre and in moments of intimacy with children, where she was one of the most attentive and unsentimental analysts of the infant body and the child's emerging personality. Tracing key moments in Cassatt's long career, art historian Griselda Pollock highlights Cassatt's extensive artistic training across Europe, analysing her profound study of Old Masters while revealing her intelligent understanding of both Manet and Courbet. Pollock also provides close readings of Cassatt's paintings and her singular vision of women in modernity. Now revised with a new preface, updates to the bibliography and colour illustrations throughout, this book offers a rich perspective on the core concerns of a major Impressionist artist through the frames of class, gender, space and difference.
