Skeletons in the Closet Mia Lyttle Twysted,2022-10-17 *Skeletons in the Closet* is a collection of short stories with unexpected twists and turns It reveals the hidden monsters behind innocent eyes and a sly welcoming smile Buried secrets reveal a history that ruins lives Unfortunate missteps lead to devastating and surprising endings Demons are born from the ashes of those decimated creating nightmares and monsters beyond imagination

The Making of the Modern Body Catherine Gallagher,Thomas Laqueur,1987-02-06 Scholars have only recently discovered that the human body itself has a history Not only has it been perceived interpreted and represented differently in different epochs but it has also been lived differently brought into being within widely dissimilar material cultures subjected to various technologies and means of control and incorporated into different rhythms of production and consumption pleasure and pain The eight articles in this volume support supplement and explore the significance of these insights They belong to a new historical endeavor that derives partly from the crossing of historical with anthropological investigations partly from social historians deepening interest in culture partly from the thematization of the body in modern philosophy especially phenomenology and partly from the emphasis on gender sexuality and women s history that large numbers of feminist scholars have brought to all disciplines
