is necessarily unique Kneebone and Trani show how the issues shaping it are common to many urban institutions from engaging with two party politics in Virginia and African American political leadership in Richmond to fraught neighborhood relations the complexities of providing public health care at an academic health center and an increasingly diverse student body As a result Fulfilling the Promise offers far more than a stale institutional saga Rather this definitive history of one urban setting state university illuminates the past and future of American public higher education in the post 1960s era
