Dreams of a Layman Franco La Monica, 2020-05-04 Some people discard their dreams into a bottomless throwaway basket, but what the author did is make a book about them, especially the work situations that he dreamed. Since he worked with his hands most of his life, he decided to basically write down all his dreams that entailed work scenarios. After all, he dreamed of many types of other dreams which may require further editions. With some of his dreams, he also incorporated a certain form of common sense type of analysis. After all, dreams always have a secret meaning, and the author's curiosity will never make that secret rest. There are beneficial aspects of dissecting a dream that can lead anyone in a life with fewer mistakes, only if they are open to finding the meaning of the dreams they dream. One can go to a psychiatrist for 600 an hour to try to understand their dreams, or they could possibly learn the art of analyzing their dreams with a self-made, inexpensive method from this book. Lastly, if by reading this book and only learning one little tidbit on understanding one's dreams, the actual cost of this book would cost the reader less than three minutes' time of a shrink. **Dangerous Secret** Sandra Owens, 2025-04-01 Her child is a pawn in a dangerous game.
