Advocates for Animals Lori B. Girshick, 2017-09-15 With over 65 percent of households having a pet and Americans spending over 60 billion on them each

year it's a proven statistic that Americans love animals. Public opinions consistently show we favor compassion for all animals. Animal welfare, rights, and protection is one of the most popular issue areas to which individual donors give, and is an area in which people working with rescue and nonprofit organizations are extremely passionate. In *Advocates for Animals*, Lori Girshick not only provides a better understanding of the laws surrounding animal rights but looks at the nonprofit organizations and people who are making a huge difference in today's growing animal protection community. These volunteers and organizations fill the gap in what laws, policies, practices, and services do not address for animal rights protection. Through the personal reflections of 204 individuals who volunteer or work with animals in a wide range of circumstances, we learn about their paths to involvement, what they do, what they hope to achieve, and how this has impacted their lives. Many experts speak of the importance of protecting the rights of animals, and without human support, many animals face abuse, neglect, and suffering. *Advocates for Animals* invites you to join these efforts, enriching your own lives and living compassion in action toward animals.
