of human comfort and in the role of the environment matters in the forging of cultural identities which cannot be detached from technical intervention in the world In short the book firstly studies the past approaching it as a data set of how the environment has shaped culture secondly seeks to understand the present and thirdly assesses future perspectives what to keep what to change and what to dream anew considering that conventional solutions have not sufficed to protect life on our planet Journal Manchester Geographical Society,1888 Consolidated Translation Survey ,1967 The Journal of the Manchester Geographical Society Manchester Geographical Society,1887 Nouvelle biographie générale ,1865 Nouvelle biographie universelle depuis les temps les plus reculés jusqu'à nos jours... ,1862
