The Blood Of The Moon Understanding The Historic Struggle Between Islam And Western Civilization:

The Blood of the Moon George Grant, 2008-07-13 Allah has bought from the Umma the true believers of Islam their selves and their substance in return for Paradise they fight in the way of Allah killing and being killed Their promise is written in the blood of the moon From the Koran chap 9 v 112 The conflict between Islam and the West existed long before the destruction of the World Trade Center and the other events that recently touched America It goes back hundreds even thousands of years Yet the struggle is upon us now as never before In this well reasoned accessible book Middle East expert George Grant answers the troubling questions on many believers minds Who are the followers of Islam and what do they believe What could have motivated those who carried out the acts of terror on September 11 Why has there been tension between Islam and the West for centuries What are the true meanings of terms such as Ji had Intifada and Dhimma And is there any hope for peace The call upon believers now as always is to prepare and equip ourselves so that we may stand fast The Blood of the Moon will help readers better understand the history of Islam and its struggle with the Western world as well as how Christians can share the message of salvation through Jesus Christ with the followers of Allah *Progressive Muslims* Omid Safi, 2003-04-01 Developed in response to the events of September 11 2001 these 14 articles from prominent Muslim thinkers offer a provocative reassessment of Islam s relationship with the modern world Confronting issues such as racism justice sexuality and gender this book reveals the real challenges faced by Muslims of both sexes in contemporary Western society A probing frank and intellectually refreshing testament to the capacity of Islam for renewal change and growth these articles from fifteen Muslim scholars and activists address the challenging and complex issues that confront Muslims today Avoiding fundamentalist and apologetic approaches the book concentrates on the key areas of debate in progressive Islamic thought Contemporary Islam Gender Justice and Pluralism With further contributions on subjects as diverse and controversial as the alienation of Muslim youth Islamic law marriage and feminism and the role of democracy in Islam this volume will prove thought provoking for all those interested in the challenges of justice and pluralism facing the Muslim world as it confronts the twenty first century September 11 in History Mary L. Dudziak, 2003-10-28 Table of contents *Kingdom Revolution* Joseph Mattera, 2011-07-28 Finally someone has explained and explored the kingdom of God in a way that enables us to understand the mission of the church in the world Believers will be thrilled as they see God s special plan unfold for them regarding their particular vocation whether they are in full time church ministry or not This book is an oasis for those thirsting to know how God s will should be practically fleshed out in the natural world A must for pastors leaders and thinking Christians everywhere **The Miracle of the Kurds** Stephen Mansfield, 2014-10-14 New York Times best selling author Stephen Mansfield was witness to much of the modern history of the Kurds In this riveting account Mansfield movingly tells the stories of the people who have fashioned one of the greatest economic and cultural resurrections in human history They are the largest people group in the world without a homeland of their own Despised and persecuted

the world over they even call themselves the people without a friend Saddam Hussein tried to wipe them from the face of the earth killing several hundred thousand of them in the attempt Their sufferings have become legend They are the Kurds descendants of the ancient Medes best known today from the pages of the Bible inhabitants of what the world now calls Northern Iraq Yet today the Kurds are rebuilding so brilliantly from war and oppression that even their enemies call it a miracle Six star hotels stand where bombs once fell shopping malls and gleaming schools rise where massacres once occurred National Geographic and Conde Nast have listed modern Kurdistan as a must see tourist destination Reasoning with God Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari ah in Islam and its role in the world today In Reasoning with God renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari ah Abou El Fadl explores the moral trajectory of Islam in today s world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari ah As the world s second largest religion Islam remains an important force on the global stage Reasoning with God takes readers both Muslim and non Muslim beyond superficial understandings of Shari ah to a deeper understanding of its meaning and potential
