**The Blues** Tony Russell, 1997 A discussion of twenty key blues artists and fifty essential blues albums with an A Z section of information on other important personalities and recordings Russell relates the blues to other musical genres throughout as well as discussing the future direction of blues music     [The Voice of the Blues](#) Jim O'Neal, Amy van Singel, 2013-09-05 The Voice of the Blues brings together interviews with many pioneering blues men including Muddy Waters Howlin Wolf Little Walter Jimmy Reed B B King and many others     [All Music Guide to the Blues](#) Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2003-04 Reviews and rates the best recordings of 8 900 blues artists in all styles

*Listen to the Blues!* James E. Perone, 2019-02-15 Listen to the Blues Exploring A Musical Genre provides an overview of this distinctly American musical genre for fans of the blues and curious readers alike with a focus on 50 must hear artists albums and subgenres Unlike other books on the blues which tend to focus on musician biographies Listen to the Blues devotes time to the compositions recordings and musical legacies of blues musicians from the early 20th century to the present Although the author references musical structure harmony form and other musical concepts the volume avoids technical language therefore it is a volume that should be of interest to the casual blues fan to students of blues music and its history and to more serious blues fans The chapters on the impact of the blues on popular culture and the legacy of the blues also put the genre in a broader historical context than what is found in many books on the blues The book opens with a background chapter that provides an overview of the history and structure of blues music A substantial encyclopedic chapter that focuses on 50 must hear blues musicians follows as does a chapter that explores the impact on popular culture of blues music and musicians and a chapter that focuses on the legacy of the genre A bibliography rounds out the work     *The Gospel According to the Blues* Gary W. Burnett, 2014-10-27 The Gospel According to the Blues dares us to read Jesus s Sermon on the Mount in conversation with Robert Johnson Son House and Muddy Waters It suggests that thinking about the blues the history the artists the songs provides good stimulation for thinking about the Christian gospel Both are about a world gone wrong about injustice about the human condition and both are about hope for a better world In this book Gary Burnett probes both the gospel and the history of the blues as we find it in the Sermon on the Mount to help us understand better the nature of the good news which Jesus preached and its relevance and challenge to us     *The Virgin Encyclopedia of The Blues* Colin Larkin, 2013-09-30 The Virgin Encyclopaedia of the Blues is a complete handbook of information and opinion about the history of the most classically simple enduring and inspiring genre in the history of popular music All entries have been created from the massive database of The Encyclopaedia of Popular Music which has swiftly and firmly established itself as the undisputed champion of contemporary music reference books Brand new research ensures that the 1000 entries are bang up to date and cover everyone the musicians bands songwriters producers and record labels who has made a significant impact on the development of the blues It brings together pioneers like Robert Johnson and Blind Lemon

Jefferson the influence of Muddy Waters and Willie Dixon on the blues boom of the 1960s and the most recent blues resurgence featuring Keb Mo Larry Garner and Jonny Lang As well as the giants of the blues this encyclopaedia has the range and depth to include performers who flew the blues flag during fallow periods the 1980s band Roomful of Blues for example or acts like Paul Butterfield Chicken Shack Stevie Ray Vaughan who took the music to a wider whiter audience Some blues musicians including John Lee Hooker and Taj Mahal seem to last forever Others simply defined the genre like Lead Belly Bessie Smith and Howlin Wolf Whomever you remember or want to know more about each entry gives the essential elements dates career facts discography and album ratings as well as a sense of context striking a balance between the extremes of the self opinionated and the bland Encyclopedia of the Blues: K-Z, index Edward M. Komara,2006 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

**I'm Feeling the Blues Right Now** Stephen A. King,2011-06-01 In I m Feeling the Blues Right Now Blues Tourism and the Mississippi Delta Stephen A King reveals the strategies used by blues promoters and organizers in Mississippi both African American and white local and state to attract the attention of tourists In the process he reveals how promotional materials portray the Delta s blues culture and its musicians Those involved in selling the blues in Mississippi work to promote the music while often conveniently forgetting the state s historical record of racial and economic injustice King s research includes numerous interviews with blues musicians and promoters chambers of commerce local and regional tourism entities and members of the Mississippi Blues Commission This book is the first critical account of Mississippi s blues tourism industry From the late 1970s until 2000 Mississippi s blues tourism industry was fragmented decentralized and localized as each community competed for tourist dollars By 2003 2004 with the creation of the Mississippi Blues Commission the promotion of the blues became more centralized as state government played an increasing role in promoting Mississippi s blues heritage Blues tourism has the potential to generate new revenue in one of the poorest states in the country repair the state s public image and serve as a vehicle for racial reconciliation Blues Bass Method - School of the Blues David Barrett,Frank De Rose,2020-04-23 Blues Bass Level 1 within the School of the Blues Lesson Series is an exciting method that contains the most common grooves used in blues bands today Areas covered are Tuning Achieving Good Tone Major Minor Scales Movable Scale Forms 12 Bar Blues Progression Major Blues Bass Lines Jump Blues Swing Blues Box Patterns Slow Blues Chicago Shuffles Two Beat Rumba Beat Tramp Beat Minor Blues Introductions Turnarounds Endings This series is designed for students of other instruments to play together If you have friends that play harmonica guitar keyboard or drums tell them about this series so that you can play together Book is accompanied by online audio recording of all examples played by author Frank De Rose along with the background music For the beginning to intermediate bass player Includes access to online audio
