The Body As Mirror Of The World:

The Body as Mirror of the World Janine Chasseguet-Smirgel, 2005 Is today's thinking conditioned by body mind dualism A rebellion against the biological order seems to have silently infiltrated our world view Suicide bombers appear to share a fascination with destruction with writers such as Mishima Pasolini and Foucault A liberation from the body to re-establish a possibly mystical union of soul and cosmos and an assertion of the mind's omnipotence appear to be common features of forms of behavior that seem to be taken for granted in contemporary thought Is the new misogyny which rejects motherhood in the name of feminism contributing in any way to these trends This review of our society by a woman psychoanalyst a non medic and graduate of the Institut d tudes Politiques in Paris presents a sharp and rigorous analysis of the strange and violent mechanisms that are erupting in the world today The Body as a Mirror of the Soul Lisa Devriese, 2021-10-05 Physiognomy the history of racial classifications and the interplay between natural philosophy medicine and ethics The idea of the body as a mirror of the soul has fascinated mankind throughout history Being able to see through an individual and drawing conclusions on their character solely based on a selection of external features is the subject of physiognomy and has a long tradition running well into recent times However the pre modern especially medieval background of this discipline has remained underexplored The selected case studies in this volume each contribute to a better understanding of the history of physiognomy from antiquity to the Renaissance and offer discussions on unedited treatises and on the application development and reception of this field of knowledge as well as on visual sources inspired by physiognomic theory Contributors Enik B k s Hungarian Academy of Sciences Jo l Biard University of Tours Lisa Devriese KU Leuven Maria Fernanda Ferrini University of Macerata Christophe Grellard cole Pratique des Hautes tudes Lu s Campos Ribeiro University of Lisbon Maria Michela Sassi University of Pisa Oleg Voskoboynikov Higher School of Economics Moscow Steven J Williams New Mexico Highlands University Joseph Ziegler University of Haifa Gabriella Zuccolin University of Pavia
