The Boundaries Of Fiction History And The Eighteenth Century British Novel:

The Boundaries of Fiction Everett Zimmerman, 1996 Focusing on canonical works by Daniel Defoe Henry Fielding Laurence Sterne and others this book explains the relationship between British fiction and historical writing when both were struggling to attain status and authority History was at once powerful and vulnerable in the empiricist climate of seventeenth and eighteenth century England suspect because of its reliance on testimony yet essential if empiricism were ever to move beyond natural philosophy The Boundaries of Fiction shows how in this time of historiographical instability the British novel exploited analogies to history Titles incorporating the term history pseudo editors presenting pseudo documentary evidence and narrative theorizing about historical truth were some of the means used to distinguish novels from the fictions of poetry and other literary forms These efforts Everett Zimmerman maintains amounted to a critique of history's limits and pointed to the novel's power to transcend them He offers rich analyses of texts central to the tradition of the novel chiefly *Clarissa* *Tom Jones* and *Tristram Shandy* and concludes with discussions of Sir Walter Scott's development of the historical novel and David Hume's philosophy of history Along the way Zimmerman refers to such other important historical figures as John Locke Richard Bentley William Wotton and Edward Gibbon and engages contemporary thinkers including Paul Ricoeur and Michel Foucault who have addressed the philosophical and methodological issues of historical evidence and narrative

Women and Property in the Eighteenth-Century English Novel April London, 1999-06-28 This book investigates the critical importance of women to the eighteenth century debate on property as conducted in the fiction of the period April London argues that contemporary novels advanced several often conflicting interpretations of the relation of women to property ranging from straightforward assertions of equivalence between women and things to subtle explorations of the self possession open to those denied a full civic identity Two contemporary models for the defining of selfhood through reference to property structure the book one historical classical republicanism and bourgeois individualism and the other literary pastoral and georgic These paradigms offer a cultural context for the analysis of both canonical and less well known writers from Samuel Richardson and Henry Mackenzie to Clara Reeve and Jane West While this study focuses on fiction from 1740 1800 it also draws on the historiography literary criticism and philosophy of the period and on recent feminist and cultural studies

critical texts Annotated bibliography including websites timeline glossary of critical terms The Eighteenth Century Literature Handbook is an invaluable introduction to literature and culture in the eighteenth century [A Henry Fielding Companion](#) Martin C. Battestin, 2000-06-30 Best remembered as the author of Joseph Andrews 1742 Tom Jones 1749 and Amelia 1751 Henry Fielding was one of the most important pioneering English novelists of the eighteenth century and his works continue to occupy a central place in the literary canon During the 1730s he was the most dominant playwright in London since John Dryden and in his official capacity as a magistrate he addressed serious social problems and invented the modern metropolitan police This reference book makes essential information available to readers interested in Fielding his life and his works The volume is organized in sections devoted to such topics as Fielding's residences his family members and household historical persons including authors who influenced him his works themes and topics important to his writings and characters in his plays and prose fiction Each section contains numerous entries on particular items and many entries provide brief bibliographical information While the sectional organization of the volume invites the reader to explore broad areas of interest a thorough index provides convenient alphabetical access to the entries A brief introductory essay and chronology begin the volume and the book concludes with an extensive bibliography **Approaches to Teaching the Novels of Henry Fielding** Jennifer Preston Wilson, Elizabeth Kraft, 2015-12-01 Offers pedagogical techniques for teaching Henry Fielding's novels bringing considerations of epic comedy romance religion law politics class gender narrative voice style formalism historicism and book history into the college classroom Includes information on editions reference works biographies and online resources Gives syllabus suggestions for undergraduate and graduate courses [The French Revolution Debate and the British Novel, 1790-1814](#) Morgan Rooney, 2013 This study examines how debates about history during the French Revolution informed and changed the nature of the British novel between 1790 and 1814 During these years intersections between history political ideology and fiction as well as the various meanings of the term history itself were multiple and far reaching Morgan Rooney elucidates these subtleties clearly and convincingly While political writers of the 1790s Burke Price Mackintosh Paine Godwin Wollstonecraft and others debate the historical meaning of the Glorious Revolution as a prelude to broader ideological arguments about the significance of the past for the present and future novelists engage with this discourse by representing moments of the past or otherwise vying to enlist the authority of history to further a reformist or loyalist agenda Anti Jacobin novelists such as Charles Walker Robert Bisset and Jane West draw on Burkean historical discourse to characterize the reform movement as ignorant of the complex operations of historical accretion For their part reform minded novelists such as Charlotte Smith William Godwin and Maria Edgeworth travesty Burke's tropes and arguments so as to undermine and then redefine the category of history As the Revolution crisis recedes new novel forms such as Edgeworth's regional novel Lady Morgan's national tale and Jane Porter's early historical fiction emerge but historical representation largely the legacy of the 1790s novel remains an increasingly pronounced feature of the

genre Whereas the representation of history in the novel Rooney argues is initially used strategically by novelists involved in the Revolution debate it is appropriated in the early nineteenth century by authors such as Edgeworth Morgan and Porter for other often related ideological purposes before ultimately developing into a stable nonpartisan aestheticized feature of the form as practiced by Walter Scott The French Revolution Debate and the British Novel 1790 1814 demonstrates that the transformation of the novel at this fascinating juncture of British political and literary history contributes to the emergence of the historical novel as it was first realized in Scott's Waverley 1814 The Cambridge Companion to Laurence Sterne Thomas Keymer, 2009-08-20 This Companion provides essays on the author of Tristram Shandy his eighteenth century context his oeuvre and its reception **A Companion to British Literature, Volume 3** Robert DeMaria, Jr., Heesok Chang, Samantha Zacher, 2013-12-13 A Companion to British Literature The Long Eighteenth Century 1660 1830 **British Historical Fiction before Scott** A. Stevens, 2010-04-09 In the half century before Walter Scott's Waverley dozens of popular novelists produced historical fictions for circulating libraries This book examines eighty five popular historical novels published between 1762 and 1813 looking at how the conventions of the genre developed through a process of imitation and experimentation **Memory, Print, and Gender in England, 1653-1759** H. Weber, 2016-04-30 This book surveys the genesis of the modern conception of memory where gender becomes crucial to the processes of memorialization and suggests ways in which technology opens a new chapter in the history of memory *Romantic Generations* Lene Østermark-Johansen, 2003 Unlike the first two volumes of ANGLES on the English Speaking World this special issue does not originate in a set of conference papers The idea of compiling a collection of essays on Romanticism emerged from the unusually strong concentration on Romantic studies among the graduate students of the English Department a couple of years ago This volume places their work in the context of distinguished international scholars of greater seniority scholars who have become academic contacts through conferences and assessment committees and whose contributions I am very pleased to be able to include alongside the works of local contributors The Romantic generations of the title of this volume thus strike a number of different chords generations of scholars in Romantic studies conventional divisions of Romantic poets into first second and possibly third generations the self generative aspect of Romanticism the awareness of poetic reputation and the image and afterlife of the poet The collection spans just over a hundred years from the 1780s to the 1890s and while not in any way attempting to define Romanticism or raise issues of periodization the volume allows for the continued existence of Romantic features right until the end of the nineteenth century Poetry looms large in this issue of ANGLES apart from Ian Duncan's essay on Hume Scott and the Rise of Fiction all the other essays are in some way concerned with the Romantic poet and his poetry The Romantic poet is thus represented as a collector and editor of ballads as a political radical and printmaker as other to himself essentially ignorant of the process of poetic composition as a rival and collaborator with other poets or as a poet long dead the subject of successive generations of poetic lament The boundaries between poetry and

the visual arts is explored in a couple of the essays indeed the rivalry between portraiture and literature pervades no less than three of the contributions and no matter whether the subject of inquiry is the image of the poet or the image of the poet's mother the Romantic poet displays a high degree of self consciousness with respect to both literary and visual media Romantic generations generate both selves and others in poetry and portraiture [Novel Histories](#) Lisa Kasmer,2012-01-12 [Novel Histories](#) British Women Writing History 1760 1830 explores issues of historical and literary genres historiography and the gendering of civic and literary roles It demonstrates the new and sometimes subversive ways that women authors pushed the limits of writing history in order to participate in contemporary national civic life otherwise closed to them [The Rise of the Novel](#) Nicholas Seager,2017-09-16 Why have scholars located the emergence of the novel in eighteenth century England What historical forces and stylistic developments helped to turn a disreputable type of writing into an eminent literary form This Reader's Guide explores the key critical debates and theories about the rising novel from eighteenth century assessments through to present day concerns Nicholas Seager Surveys major criticism on authors such as Aphra Behn Daniel Defoe Samuel Richardson Henry Fielding and Jane Austen Covers a range of critical approaches and topics including feminism historicism postcolonialism and print culture Demonstrates how critical work is interrelated allowing readers to discern trends in the critical conversation Approachable and stimulating this is an invaluable introduction for anyone studying the origins of the novel and the surrounding body of scholarship **The Cambridge History of English Literature, 1660-1780** John Richetti,2005-01-06 The Cambridge History of English Literature 1660 1780 offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century In essays by thirty distinguished scholars recent historical perspectives and new critical approaches and methods are brought to bear on the classic authors and texts of the period Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive special attention and emphasis The volume's guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully [Edward Gibbon and the Shape of History](#) Charlotte Roberts,2014-07-17 Edward Gibbon's presentation of character in both the History of the Decline and Fall of the Roman Empire and in his posthumously published Memoirs demonstrates a prevailing interest in the values of transcendent heroism and individual liberty but also an insistent awareness of the dangers these values pose to coherence and narrative order In this study Charlotte Roberts demonstrates how these dynamics also inform the character of the Decline and Fall in which ironic difference confronts enervating uniformity oddity counters specious lucidity and revision combats repetition [Edward Gibbon and the Shape of History](#) explores the Decline and Fall as a work of scholarship and of literature tracing both its expansive outline and its expressive details A close examination of each of the three instalments of Gibbon's history reveals an intimate relationship between the

style of Gibbon's narrative and the overall shape of his historiographical composition. The constant interplay between style and substance or between the particular details of composition and the larger patterns of argument and narrative informs every aspect of Gibbon's work from his reception of established and innovative historiographical conventions to the expression of his narrative voice. Through a combination of close reading and larger literary and scholarly analysis, Charlotte Roberts conveys a sense of the *Decline and Fall* as a work more complex and conflicted in its tone and structure than has been appreciated by previous scholars without losing sight of the grand contours of Gibbon's superlative achievement.

The Uses of History in Early Modern England Paulina Kewes, 2006-11-15 Publisher Description *The Cambridge History of the English Novel* Robert L. Caserio, Clement Hawes, 2012-01-12 The Cambridge History of the English Novel chronicles an ever-changing and developing body of fiction across three centuries. An interwoven narrative of the novel's progress unfolds in more than fifty chapters charting continuities and innovations of structure, tracing lines of influence in terms of themes and techniques and showing how greater and lesser authors shape the genre. Pushing beyond the usual period-centered boundaries, the History's emphasis on form reveals the range and depth the novel has achieved in English. This book will be indispensable for research libraries and scholars but is accessibly written for students. Authoritative, bold and clear, the History raises multiple useful questions for future visions of the invention and re-invention of the novel.

Laurence Sterne's Tristram Shandy Thomas Keymer, 2006 Thomas Keymer's introduction to this Casebook examines the historical context and controversial reception of *Tristram Shandy* and connects the essays selected for inclusion to the diverse traditions of Sterne criticism. *The Protestant Whore* Alison Conway, 2010-03-20 After the restoration of the English monarchy in 1660, Protestants worried that King Charles II might favour religious freedom for Roman Catholics and many suspected that the king was unduly influenced by his Catholic mistresses. Nell Gwyn, actress and royal mistress, stood apart by virtue of her Protestant loyalty. In 1681, Gwyn's carriage surrounded by an angry anti-Catholic mob famously declared, "I am the protestant whore." Her self-branding invites an investigation into the alignment between sex and politics during this period and in this study, Alison Conway relates courtesan narrative to cultural and religious anxieties. In new readings of canonical works by Aphra Behn, Daniel Defoe, Henry Fielding and Samuel Richardson, Conway argues that authors engaged the same questions about identity, nation, authority, literature and politics as those pursued by Restoration polemicists. Her study reveals the recurring connection between sexual impropriety and religious heterodoxy in Restoration thought and Nell Gwyn writ large as the nation's Protestant Whore is shown to be a significant figure of sexual, political and religious controversy. *Kinaesthesia and Classical Antiquity 1750-1820* Helen Slaney, 2020-09-03 This book argues that touch and movement played a significant role long overlooked in generating perceptions of ancient material culture in the late 18th century. At this time, the reception of classical antiquity had been transformed. Interactions with material culture—ruins, sculpture and artefacts—formed the core of this transformation. Some such interactions were proto-archaeological, such

as the Dilettanti expeditions to Athens and Asa Minor others were touristic seen in the guidebooks consulted by travellers to Rome and the diaries they composed and others creative resulting in novels poetry and dance performances Some involved the reproduction of experience in a gallery or museum setting What all encounters with ancient material culture had in common however is their haptic sensory basis The sense typically associated with the Enlightenment is vision but this has obscured the equally important contribution made by touch and movement to the way in which a newly materialised Graeco Roman world was perceived Kinaesthesia or the sense of self movement is rarely recognised in its own right but because all encounters with sites and objects are embodied and all embodiment takes place in motion this sense is vital to forming more abstract or imaginative impressions Theories of embodied cognition propose that all intellectual processes are also physical This book shows how ideas about classical antiquity in the volatile milieu of the late 18th century developed as a result of diverse kinaesthetic relationships
