Pornographies Katherine Harrison,2018-06-04 Pornography is no longer considered to be a single homogenous thing Nor are debates about pornography limited to the reductive anti porn versus anti censorship controversies of the mid twentieth century Whether we like it or not pornography today is out in the open from the ubiquity of porn produced and consumed via the Internet to the mainstreaming of porn aesthetics and practices into mass media and everyday life Pornography is therefore of central concern to social scientific arts and humanities research that focuses on sexual freedoms and oppressions empowerment gender feminism and postfeminism queer identities normative and non normative bodies politics and more This book conceives of pornographies in the plural and its twelve chapters engage directly with porn across a range of media and from a variety of critical perspectives From the conceptual importance of pornography in the feminist sex wars to porn produced for female and or queer sexual pleasure via examinations of vaginal performance artists fetish clinics sexperts amputee porn barebacking tattoos and Japanese erotica this book illuminates the many ways in which pornographies may be understood in scholarship today

The Commander Timothy M

Nugent,2025-06-22 The final chapter of this story shows the commander falling in love with a friend and sailing his ship into the sunrise with his new love hugging him at the wheel I like to write and do so every day I awake at three or four in the morning and begin to write as the sun rises in the east over the Costa Rican mountains I live in San Luis Costa Rica Canton Tilar n in the province of Guanacaste This morning the skies are cloudy after a rainstorm and the sun is rising Normally the skies turn a beautiful shade of orange mixed into the clouds of gray black and skies of bright blue I love the sunrises and sunsets of Lake Arenal The sunsets of the western skies fall over the western mountains and light up the skies The sun reflects off the lake and into the eastern skies It is a beautiful phenomenon as a portion of the lake is bright orange and the blue is diminishing because of the twilight It is easy to write in this quiet environment The later in the day I write the more difficult it becomes and I usually stop around nine because construction and my girlfriend seem to need more attention Such a tough life living in paradise and having someone who loves you My next book I am writing is a story of a young boy who gets lost in the world of perversions and hate It is a difficult book because of the negative aspects of child molestation that grips a baby at a young age and turns him into a monstrous killer who seeks a lifetime of revenge The Commander is a young hero from the early age of sixteen to his older age as he leaves the Navy I hope you enjoy this book
