Laurence P. James

The Big Mitt:

The Big Con David Maurer, 2010-10-27 The classic 1940 study of con men and con games that Luc Sante in *Salon* called a bonanza of wild but credible stories told concisely with deadpan humor as sly and rich in atmosphere as anything this side of Mark Twain Of all the grifters the confidence man is the aristocrat wrote David Maurer a proposition he definitely proved in *The Big Con* one of the most colorful well researched and entertaining works of criminology ever written A professor of linguistics who specialized in underworld argot Maurer won the trust of hundreds of swindlers who let him in on not simply their language but their folkways and the astonishingly complex and elaborate schemes whereby unsuspecting marks hooked by their own greed and dishonesty were taken off i e cheated of thousands upon thousands of dollars *The Big Con* is a treasure trove of American lingo the write the rag the payoff ropers shills the cold poke the convincer to put on the send and indelible characters Yellow Kid Weil Barney the Patch the Seldom Seen Kid Limehouse Chappie Larry the Lug It served as the source for the Oscar winning film *The Sting* **The World To-day**, 1905 *The Dickson Baseball Dictionary (Third Edition)* Paul Dickson, 2011-06-13 The definitive work on the language of baseball one of the Five Best Baseball Books Wall Street Journal Hailed as a staggering piece of scholarship Wall Street Journal and an indispensable guide to the language of baseball San Diego Union Tribune The Dickson Baseball Dictionary has become an invaluable resource for those who love the game Drawing on dozens of nineteenth and early twentieth century periodicals as well as contemporary sources Dickson's brilliant illuminating definitions trace the earliest appearances of terms both well known and obscure This edition includes more than 10 000 terms with 18 000 individual entries and more than 250 photos This impressively comprehensive The Nation book will delight everyone from the youngest fan to the hard core aficionado **A Dictionary of the Underworld** Eric Partridge, 2015-06-12 First published in 1949 this edition in 1968 this book is a dictionary of the past exploring the language of the criminal and near criminal worlds It includes entries from Australia New Zealand Canada and South Africa as well as from Britain and America and offers a fascinating and unique study of language The book provides an invaluable insight into social history with the British vocabulary dating back to the 16th century and the American to the late 18th century Each entry comes complete with the approximate date of origin the etymology for each word and a note of the milieu in which the expression arose **The Unforgettable Season** Gordon H. Fleming, 2006-03-01 One of Sports Illustrated's top 100 sports books of all time The 1908 National League pennant race was without question the most exciting and dramatic battle of all time Three teams the Giants the Cubs and the Pirates battled from start to finish concluding the season with just one game separating them in the standings The story of this race is like a Hall of Fame sprung to life including John McGraw Christy Mathewson Tinker to Evers to Chance Mordecai Three Finger Brown and Honus Wagner Yet the one name that truly stands out belongs to a young Giant rookie Fred Merkle His base running blunder in a key game between the Giants and the Cubs cost the New Yorkers the pennant through an entirely unforeseeable set of circumstances that set off a near riot in New

York More than mere history The Unforgettable Season uses a judicious selection of newspaper stories to recreate the unforgettable season through the eyes and florid language of sportswriters of the day With no film TV or radio accounts of the game to cloud readers minds with facts the newspaper writers had free reign to invent and embellish the larger than life figures and events of 1908 It is their efforts that make this book often unintentionally hilarious and unforgettable

Hearst's Magazine-World Today ,1905 Hearst's International ,1905 Selling the Great War Alan Axelrod,2009-03-03 The riveting story of George Creel and the Committee on Public Information the first and only propaganda initiative sanctioned by the U S government When the people of the United States were reluctant to enter World War I maverick journalist George Creel created a committee at President Woodrow Wilson s request to sway the tide of public opinion The Committee on Public Information monopolized every medium and avenue of communication with the goal of creating a nation of enthusiastic warriors for democracy Forging a path that would later be studied and retread by such characters as Adolf Hitler the Committee revolutionized the techniques of governmental persuasion changing the course of history Selling the War is the story of George Creel and the epoch making agency he built and led It will tell how he came to build it and how he ran it using the emerging industries of mass advertising and public relations to convince isolationist Americans to go to war It was a force whose effects were felt throughout the twentieth century and continue to be felt perhaps even more strongly today In this compelling and original account Alan Axelrod offers a fascinating portrait of America on the cusp of becoming a world power and how its first and most extensive propaganda machine attained unprecedented results As Axelrod demonstrates in fascinating detail the remarkable George Creel was responsible for this turnabout through his Committee on Public Information which eschewed censorship but so thoroughly controlled war information that its work was to be admired by the likes of Hitler and Goebbels Walton Rawls author of Wake Up America World War I and the American Poster *Athletic Journal* ,1928 Geology, Ore Deposits, and History of the Big Cottonwood Mining District, Salt Lake County, Utah Laurence P. James,1979 The Big Cottonwood area lies in the highest portion of the Wasatch Mountains southeast of Salt Lake City It contains exposed geologic features developed during two billion years of earth history Discoveries of small but rich mineral deposits within the area led to a colorful moderately productive century long period of metal mining While there is no mining activity in the Big Cottonwood mining district today the area is of considerable interest to students of regional geology and to numerous visitors to the mountain recreational areas Major thrust faulting is well exposed in outcrops and in mine workings and is of economic importance on a regional scale The unusual occurrence of the major ore bodies at the intersections of steep fissure veins with several overthrust planes similar to that of deposits mined in the adjoining Little Cottonwood Alta and American Fork districts to the south is a classic regional feature The small deposits in the older Precambrian rocks at the eastern edge of the district present features not seen elsewhere in the state This report presents new detail on these and other aspects of the geology of the district and

records available geology and history of the many formerly active underground mines It presents an update on regional geology It is written for readers of many interests not merely for economic geologists 98 pages 4 plates
