Reagan's "Boys" and the Children of the Greatest Generation Jonathan M. Bullinger, 2019-10-10 During the 1980s and 1990s aging Baby Boomer parents constructed a particular type of memory as they attempted to laud their own parents wartime accomplishments with the label The Greatest Generation This book is the first to tell the entire story of this particular type of U S World War II memory begun by U S President Ronald Reagan in 1984 and promoted the same year by newscaster Tom Brokaw The story continues in 1994 when it was given academic credence by historian Stephen E Ambrose a sensory realism and ideal American character by director Steven Spielberg and actor Tom Hanks sloganized by Tom Brokaw in 1998 and later interpreted in light of 9 11 and new wars Mixtape Nostalgia Jehnie I. Burns, 2021-10-19 Mixtape Nostalgia Culture Memory and Representation tells the story of the mixtape from its history in 1970s bootlegging to its resurgence as an icon of nostalgic analog technology Burns looks at the history of the mixtape from the early 1980s and the rise of the cassette as a fundamental aspect of the music industry Stories from music fans collecting hip hop mixtapes in the Bronx or recording songs off the radio permeate the book She discusses the continued contemporary appeal of the mixtape as musicians novelists memoirists playwrights and even podcasters have used it as a metaphor for connection and identity From Rob Sheffield's Love is a Mix Tape to Questlove's Mixtape Potluck Cookbook Burns analyzes how the mixtape can function as a plot point a stand in for emotional connection or an organizing structure The book shows how creators use the iconography of the mixtape cassette to create ephemera from coffee subscriptions to board games which speaks to the appreciation of the tangible and the analog The desire to find connection through sharing a physical artifact permeates the various creative uses of the mixtape From blockbuster films like Guardians of the Galaxy to mixtape throw pillows Burns highlights the mixtape as a site of collective memory tied to youth culture community identity and sharing music A S R Index 2019 Jan Young, 2019-11-17 ASR Index is a complete and detailed index of everything that has appeared in the Antique Studebaker Review magazine since its inception in 1971 Of greatest importance are the advice items that are indexed by subject engines brakes steering etc Historical items are also indexed by subject as well as by the vehicle model and year they relate to If you own for instance a 1939 Champion ASR Index will give you instant access to everything that has been published about your car and much more Indexed by model year AND subject matter ASR Index is detailed and comprehensive making it easy to find the information you need Each listing of course refers you to the specific issue of Antique Studebaker Review and cites the page on which the item begins ASR Index includes issues of Antique Studebaker Review from 1971 through 2019 by subject model and year It contains more than 4 300 references on 55 pages Futurescapes Ralph Pordzik, 2009 This book testifies to the growing interest in the many spaces of utopia It intends to map out on utopian and science fiction discourses some of the new and revisionist models of spatial analysis applied in Literary and Cultural Studies in recent years The aim of the volume is to side step the established generic binary of utopia

and dystopia or science fiction and thus to open the analysis of utopian literature to new lines of inquiry The essays collected here propose to think of utopias not so much as fictional texts about future change and transformation but as vital elements in a cultural process through which social spatial and subjective identities are formed Utopias can thus be read as textual systems implying a distinct spatial and temporal dimension as spatial practices that tend to naturalize a cultural and social construction that of the good life the radically improved welfare state the Christian paradise the counter society etc and make that representation operational by interpellating their readers in some determinate relation to their givenness as sites of political and individual improvement This volume is of interest for all scholars and students of literature who wish to explore the ways in which utopias of the past and recent present have circulated as media of cultural exchange and homogenization as sites of cultural and linguistic appropriation and as foci for the spatial formation of national and regional identities in the English speaking world

Big Feelings Dan DiPiero, 2025-10-07 In the past decade a distinctive resurgence of indie music has seen young queer and feminist artists reformulating the genre with strategic reappropriations of 90s grunge and 2000s era pop Big Feelings offers a nuanced analysis of these musicians and the socio political crises informing their sounds Dan DiPiero situates this new wave of indie music within the context of the emotional sensibilities and social orientations of a young generation flattened by an endless stream of everyday traumas Listening closely to Soccer Mommy Indigo De Souza Jay Som SASAMI The Ophelias Vagabon boygenius and more Big Feelings traces points of resonance and connection that help fans perceive politics where it might first appear absent By bringing listeners experiences into the analysis DiPiero shows how indie rock feminisms have shifted since the 1990s rejecting overt political messages in favor of sonic catharsis and reflecting the complex ambivalent feeling of being young while the world burns In reprising the sounds of an alt rock associated in public consciousness with white male pain Big Feelings doubles down on the stereotypical association between femininity and emotionality to perform whole spectrums of feeling in varied states of overwhelm In doing so these artists draw attention to overlooked histories of women and queer musicians who have been forging indie rock all along while also remaking how the music matters in the present
