BILL EVANS TRIO Portrait in Jazz

RIVERSIDE 1952

One of the two most important associations in the early development of the incredible talent of Bill Evans was undoubtedly his nine-month 1951 stay with the Miles Davis sextet that also included John Coltrane and Cannonball Adderley. The other was the year-and-a-half span in which Scott LaFaro was the bassist in Bill's newly-formed trio and they developed their remarkable creative rapport, working towards what Evans termed "simultaneous improvisation." Portrait in Jazz was the first of four albums by the Evans/LaFaro/Paul Motian team, in it can clearly be heard the exciting sound of new ideas being born.

***** ... If there is any doubt that Evans is one of the greatest things to happen in the years of the last few years, this album should dispel any such feelings. ... There is an almost earth-shaking meaning—here is the truth.
— Don DeMichael, Down Beat
