The Black Hole Of Calcutta:

The Black Hole of Calcutta Noel Barber, 1989 *The Black Hole* Jan Dalley, 2006 This book is about a story that entered the national myth bank and lodged there with unusual tenacity As so often with the historical episodes the British take to their hearts it is a story of heroism in failure turning a miserable defeat into a matter of national pride The story was used for good and for ill All tales of exceptional human bravery and resilience have an important place in our minds and this one came with other attractive characteristics the aura of money and battles of exotic places and people of youth and daring and living against the odds There is probably no great harm if a little exaggeration creeps in to such narratives However the way in which this particular episode also resonated as a fear of strangeness and came to epitomize through its very name the savagery of other peoples is much less savoury **BOOK JACKET**

Reading the East India Company 1720-1840 Betty Joseph, 2004-01-15 In *Reading the East India Company* Betty Joseph offers an innovative account of how archives and the practice of archiving shaped colonial ideologies in Britain and British controlled India during the eighteenth and nineteenth centuries Drawing on the British East India Company's records as well as novels memoirs portraiture and guidebooks Joseph shows how the company's economic and archival practices intersected to produce colonial fictions or truth effects that strictly governed class and gender roles in effect creating a grammar of power that kept the far flung empire intact And while women were often excluded from this archive Joseph finds that we can still hear their voices at certain key historical junctures Attending to these voices Joseph illustrates how the writing of history belongs not only to the colonial project set forth by British men but also to the agendas and mechanisms of agency of colonized Indian as well as European women In the process she makes a valuable and lasting contribution to gender studies postcolonial theory and the history of South Asia
