Butterick, 2023-11-15 A Guide to the Maximus Poems of Charles Olson offers an essential companion to Olson s monumental and intricate Maximus Poems This scholarly guide navigates the complexities of Olson s allusive and expansive verse which spans themes from local Gloucester history to universal mythologies With nearly 4 000 annotations the guide meticulously decodes references to historical figures literary works geographical landmarks and philosophical concepts It moves line by line offering insight into Olson s sources and intellectual framework including his borrowings from Algonquin legends Arabic angelology and Whitehead s cosmology Rich with unpublished material from Olson s papers as well as letters interviews and classroom notes the guide aims to equip readers with the tools to actively engage with Olson s text uncovering its layered meanings through his principle of istoria to find out for oneself Structured chronologically rather than alphabetically the guide mirrors the progression of Olson s three volume epic weaving historical scholarship with interpretive clarity Each annotation situates Olson s references in context revealing the intricate interplay between history myth and the poet s life in Gloucester The guide further illuminates Olson s creative process tracing the evolution of his ideas through drafts personal correspondences and published works Designed as both a
