National Library of Medicine (U.S.),1985 **The Batterer** Donald G. Dutton,Susan K Golant,2008-08-05 What kind of man deliberately hurts the woman he loves Drawing on his pathbreaking studies of more than seven hundred abusive men as well as therapy with hundreds more Dutton paints a dramatic and surprising portrait of the man who assaults his intimate partner

Pathways to Sexual Aggression Jean Proulx,Eric Beauregard,Patrick Lussier,Benoit Leclerc,2014-03-14 Most people who read an article in the newspaper about the brutal rape of a woman by a stranger or the long standing sexual abuse of a young boy by his step father have a strong visceral reaction which is a mix of anger fear and incomprehension Apart from these aversive reactions several questions also come to people s minds Was this offender crazy or sexually obsessed What is the purpose of such outrageous acts To answer these questions the authors of this book review theoretical and empirical models of the processes that lead men to sexually assault children or women whilst also presenting new results and models on this topic In particular this book focuses on empirical analyses of the pathways of six types of sexual aggressors three of which marital rapists hebephilic sexual aggressors and polymorphic sexual aggressors have never been investigated before Drawing on a large dataset on the offending processes of sexual aggressors this book analyzes the influence of personality factors and lifestyle factors on offending pathways and brings together key researchers in the field of sexual aggression This book will be of interest to psychologists psychiatrists criminologists and social workers involved in the study assessment and treatment of sexual aggressors In addition this information will be crucial for practitioners involved in the follow up of these offenders in the community and will interest researchers and graduate students in the field of sexual aggression *The Domestic Assault of Women* Donald G. Dutton,2011-11-01 The Domestic Assault of Women relates social and criminal justice policy to empirically tested social psychological theory about the causes and effects of wife assault Donald G Dutton argues that only by understanding the psychology of both the aggressors and the victims of wife assault can we generate informed social and criminal justice policy By linking the psychological factors that support assaultive habits to police arrest policy and subsequent treatment Dutton shows how police therapist intervention can interrupt assaultive behaviour and prevent recidivism This edition has been thoroughly revised to reflect current work in the field More figures including recently

developed scales and data sets have been added to increase its usefulness **The Clinical Science of Electroconvulsive**

Therapy C. Edward Coffey, 1993 This volume presents a timely account of the present state of ECT research and clinical practice and the irreplaceable niche ECT occupies in the treatment hierarchy of severe mental illness Interdisciplinary contributors to *The Clinical Science of Electroconvulsive Therapy* use both longitudinal and cross sectional perspectives to synthesize the latest information on ECT This book reviews comprehensively and carefully today's knowledge of indications techniques clinical outcomes and mechanisms of action of ECT *The Psychology of Stalking* J. Reid Meloy, 2001-04-17 *The Psychology of Stalking* is the first scholarly book on stalking ever published Virtually every serious writer and researcher in this area of criminal psychopathology has contributed to this comprehensive resource These chapters explore stalking from social psychiatric psychological legal and behavioral perspectives New thinking and data are presented on threats pursuit characteristics psychiatric diagnoses offender victim typologies cyberstalking false victimization syndrome erotomania stalking and domestic violence stalking of public figures and many other aspects of stalking This landmark text is of interest to both professionals and other thoughtful individuals who recognize the serious nature of this ominous social behavior at the end of the millennium Dr Reid Meloy is a diplomate in forensic psychology of the American Board of Professional Psychology He was Chief of the Forensic Mental Health Division for San Diego County and now devotes his time to a private civil and criminal forensic practice research writing and teaching He is an associate clinical professor of psychiatry at the School of Medicine of the University San Diego and an adjunct professor at the University of San Diego School of Law He is also a Fellow for the Society of Personality Assessment and is currently President of the American Academy of Forensic Psychology In 1992 he received the Distinguished Contribution to Psychology as a Profession Award from the California Psychological Association He is a sought after speaker and psychological consultant on various civil and criminal cases throughout the United States most recently the Madonna stalking case and the Polly Klass murder case In 1997 he completed work as the forensic psychologist for the prosecution in the Oklahoma City bombing cases **The New Personality Self-Portrait** John Oldham, Lois B. Morris, 2012-11-07 *The New Personality Self portrait* is the only guide to personality types based on the American Psychiatric Association's just published official diagnostic system the DSM IV and written by one of today's leading personality researchers A long time backlist bestseller in its previous edition it has now been completely updated to include all the fascinating new information about how we become who we are and how we can change The self test in *The New Personality Self portrait* is already used extensively in mental health and business settings It reveals a profile so personal so accurate that it's as individual as a fingerprint Readers discover their unique mix of 14 distinct personality styles and learn how those traits impact their relationships work and home life Fascinating case histories show each style in action with tips on how to live and work with every type and exercises for turning vulnerabilities into strengths plus warnings about when individual differences develop into personality disorders
