The Born Losers:

Born Losers Scott A. Sandage, 2006-04-30 What makes somebody a Loser a person doomed to unfulfilled dreams and humiliation Nobody is born to lose and yet failure embodies our worst fears The Loser is our national bogeyman and his history over the past two hundred years reveals the dark side of success how economic striving reshaped the self and soul of America From colonial days to the Columbine tragedy Scott Sandage explores how failure evolved from a business loss into a personality deficit from a career setback to a gauge of our self worth From hundreds of private diaries family letters business records and even early credit reports Sandage reconstructs the dramas of real life Willy Lomans He unearths their confessions and denials foolish hopes and lost faith sticking places and changing times Dreamers suckers and nobodies come to life in the major scenes of American history like the Civil War and the approach of big business showing how the national quest for success remade the individual ordeal of failure *Born Losers* is a pioneering work of American cultural history which connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self Sandage's storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser the label and the experience in the days when American capitalism was building a nation of winners **Hollywood Surf and Beach**

Movies Thomas Lisanti, 2012-09-07 Surfers loathed them teenagers flocked to them critics dismissed them producers banked on them surf and beach movies For a short time in the 1960s they were extremely popular with younger audiences mainly because of the shirtless surfer boys and bikini clad beach girls the musical performers and the wild surfing footage This lavishly illustrated filmography details 32 sizzling fun in the sun teenage epics from *Gidget* to the *Beach Party* movies with Frankie and Annette to *The Sweet Ride* plus a few offshoots in the snow Entries include credits plot synopses memorable lines reviews and awards and commentary from such as Aron Kincaid of *The Girls on the Beach* Susan Hart of *The Ghost in the Invisible Bikini* Peter Brown of *Ride the Wild Surf* Chris Noel of *Beach Ball* and Ed Garner of *Beach Blanket Bingo* Biographies of actors and leading actresses who made their marks in the genre are included *Coming Back to a Theater*

Near You Brian Hannan, 2016-06-14 In the Silent Era film reissues were a battle between rival studios every Mary Pickford new release in 1914 was met with a Pickford re release For 50 years after the Silent Era reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits In the mid 1960s the return of *The Bridge on the River Kwai* 1957 the second biggest reissue of all time altered industry perceptions and James Bond double features pushed the revival market to new heights In the digital age reissues have continued to confound the critics This is the untold hundred year story of how old movies saved new Hollywood Covering the booms and busts of a recycling business that became its own industry the author describes how the likes of Charlie Chaplin Humphrey Bogart and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon* 1927 *Gone with the Wind* 1939 *The Rocky Horror Show* 1975 and *Blade Runner* 1982 **High on the Hogs**

David Stidworthy, 2024-10-09 Bikers are typically portrayed on film as dangerous rebellious outlaws But to be fair they have also been portrayed as cool philosophical thinkers and confused sensitive hunks American International handled the earliest portrayals in Motorcycle Gang and Dragstrip Riot in the fifties and then satirized them in Eric Von Ripper and his gang in the beach movies that were popular in the sixties From then on biker films were known for their shock value and when they lost their shock value they ran out of road This filmography covers 58 biker films and provides a synopsis an analysis by the author and cast and production credits for each film Included are such films as Angel Unchained The Angry Breed The Born Losers C C and Company Chrome and Hot Leather The Dirt Gang Easy Rider Five the Hard Way The Hard Ride Hell s Angels on Wheels Hell s Chosen Few The Limit The Loners The Miniskirt Mob Motor Psycho Outlaw Riders Rebel Rousers The Savage Seven The Takers The Wild Angels The Wild Rebels and Wild Riders

The Innocents Ace Atkins, 2016 The extraordinary new novel in the New York Times bestselling author s acclaimed series about the real Deep South a joy ride into the heart of darkness The Washington Post She was just seventeen a high school dropout named Milly Jones found walking down the middle of the highway engulfed in flames Even in a tough Mississippi county like Tibbehawh it shatters the community and it is up to Sheriff Quinn Colson back on the job after a year away and his deputy Lillie Virgil to investigate what happened and why Before long however accusations start to fly national media and federal authorities descend and what seemed like a senseless act of violence begins to appear like something even more disturbing with more victims waiting in the shadows

Hoodlum Movies Peter Stanfield, 2018-07-13 From The Wild Angels in 1966 until its conclusion in 1972 the cycle of outlaw motorcycle films contained forty odd formulaic examples All but one were made by independent companies that specialized in producing exploitation movies for drive ins neighborhood theaters and rundown inner city theaters Despised by critics but welcomed by exhibitors denied first run films these cheaply and quickly produced movies were made to appeal to audiences of mobile youths The films are repetitive formulaic and eminently forgettable but there is a story to tell about all of the above and it is one worth hearing Hoodlum Movies is not only about the films its focus is on why and how these films were made who they were made for and how the cycle developed through the second half of the 1960s and came to a shuddering halt in 1972

Born in Flames Howard Hampton, 2007-01-15 Twenty years as an outsider scouring the underbelly of American culture has made Howard Hampton a uniquely hard nosed guide to the heart of pop darkness Bridging the fatalistic intensely charged space between Apocalypse Now Redux and Nirvana s Smells Like Teen Spirit his writing breaks down barriers of ignorance and arrogance that have segregated art forms from each other and often from the world at large In the freewheeling spirit of Pauline Kael Lester Bangs and Manny Farber Hampton calls up the extremist underground tendencies and archaic forces simmering beneath the

surface of popular forms Ranging from the kinetic poetry of Hong Kong cinema and the neo New Wave energy of Irma Vep to the punk heroines of Sleater Kinney and Ghost World Born in Flames plays odd couples off one another pitting Natural Born Killers against Forrest Gump contrasting Jean Luc Godard with Steven Spielberg defending David Lynch against aesthetic ideologues invoking The Curse of the Mekons against Fredric Jameson s Postmodernism and introducing D H Lawrence to Buffy the Vampire Slayer We are born in flames sang the incandescent Lora Logic and here those flames are a source of illumination as well as destruction warmth as well as consumption From the scorched earth works of action movie provocateurs Seijun Suzuki and Sam Peckinpah to the cargo cult soundscapes of Pere Ubu and the Czech dissidents Plastic People of the Universe Born in Flames is a headlong plunge into the passions and disruptive power of art

Mean...Moody...Magnificent! Christina Rice,2021-06-15 By the early 1950s Jane Russell 1921 2011 should have been forgotten Her career was launched on what is arguably the most notorious advertising campaign in cinema history which invited filmgoers to see Howard Hughes s The Outlaw 1943 and to tussle with Russell Throughout the 1940s she was nicknamed the motionless picture actress and had only three films in theaters With such a slow inauspicious start most aspiring actresses would have given up or faded away Instead Russell carved out a place for herself in Hollywood and became a memorable and enduring star Christina Rice offers the first biography of the actress and activist perhaps most well known for her role in Gentlemen Prefer Blondes 1953 Despite the fact that her movie career was stalled for nearly a decade Russell s filmography is respectable She worked with some of Hollywood s most talented directors including Howard Hawks Raoul Walsh Nicholas Ray and Josef von Sternberg and held her own alongside costars such as Marilyn Monroe Robert Mitchum Clark Gable Vincent Price and Bob Hope She also learned how to fight back against Howard Hughes her boss for more than thirty five years and his marketing campaigns that exploited her physical appearance Beyond the screen Rice reveals Russell as a complex and confident woman She explores the star s years as a spokeswoman for Playtex as well as her deep faith and work as a Christian vocalist Rice also discusses Russell s leadership and patronage of the WAIF foundation which for many years served as the fundraising arm of the International Social Service ISS agency WAIF raised hundreds of thousands of dollars successfully lobbied Congress to change laws and resulted in the adoption of tens of thousands of orphaned children For Russell the work she did to help unite families overshadowed any of her onscreen achievements On the surface Jane Russell seemed to live a charmed life but Rice illuminates her darker moments and her personal struggles including her empowered reactions to the controversies surrounding her films and her feelings about being portrayed as a sex symbol This stunning first biography offers a fresh perspective on a star whose legacy endures not simply because she forged a notable film career but also because she effectively used her celebrity to benefit others *Fire* Sebastian Junger,2001-10-17 Forest fires terrorism war explorations of danger by the author of The Perfect Storm In Fire Sebastian Junger brings to bear the same meticulous prose that made A Perfect Storm a modern classic onto the inner workings of a

terrifying elemental force an out of control inferno burning in the steep canyons of Idaho and the cast of characters risking everything to bring that force under control Few writers have been to so many desperate corners of the globe as has Sebastian Junger fewer still have provided such starkly memorable evocations of characters and events From the murderous mechanics of the diamond trade in Sierra Leone to the logic of guerrilla warfare in Afghanistan and the forensics of genocide in Kosovo this collection of Junger s nonfiction will take you places you wouldn t dream of going to on your own
