Yarwood, 2011-07-12 This book describes diverse urban planning projects in Turkey Bahrain the United Arab Emirates Dubai and Sharjah Kuwait Afghanistan Albania Syria and Yemen One thing in common between these countries is that the author has personally worked on all of these projects and thus the book is a partial professional autobiography Each chapter tackles not only a different country but also a different aspect of urban planning and development as follows upgrading or improving recent illegal or informal slums including detailed local planning and strategic planning urban conservation of Al Muharraqa a historic Gulf city traditional building construction as a reference point for modern design urban design of new city centre areas in three prosperous Gulf cities Kuwait Dubai and Sharjah the recreation post war of an urban planning system in Kabul a historical account of urban planning in the Zog Mussolini period in Albania which is contrasted with the currently collapsed system an account of urban economic regeneration in Syria and local planning aiming at economic revival in Aden These essays articulate eight themes tradition versus modernism regionalism and identity the property market in the urban economy privacy the family tribe etc arts and crafts industrialised construction the impact of the motor car and urban infrastructure the courtyard house and public administration local politics and corruption The book will be of interest to urban and regional planners infrastructure engineers urban economists architects urban managers and local government experts as well as those with an interest in the region itself The book will be useful as an academic textbook in the region because it presents a wide range of views of the topic and a wide spread of countries and backgrounds *Field Sketching*

and the Experience of Landscape Janet Swales, 2016-06-17 The act of field sketching allows us to experience the landscape first hand rather than reliance upon plans maps and photographs at a distance back in the studio Aimed primarily at landscape architects Janet Swales takes the reader on a journey through the art of field sketching providing guidance and tips to develop skills from those starting out on a design course to those looking to improve their sketching Combining techniques from landscape architecture and the craft and sensibilities of arts practice she invites us to experience sensations directly out in the field to enrich our work to look closely at the effects of light and weather understand the lie and shapes of

the land through travel and walking and to consider lines of sight from the inside out as well as outside in Full colour throughout with examples checklists and case studies of other sketchers methods this is an inspirational book to encourage landscape architects to spend more time in the field and reconnect with the basics of design through drawing practice
