Curriculum Development for Students with Mild Disabilities Carroll J. Jones, 2010

Many teachers of students with mild disabilities experience difficulty writing IEPs and they lack a foundation in the regular education curriculum of academic skills and sequences associated with each grade level

This book was designed to provide this foundation

Presented in the form of scope and sequence charts that can be used as objectives for the State Frameworks goals and benchmarks this resource assists in preparing IEPs including the new process of identification of children with disabilities through their responses to intervention RTI

An additional focus is on the impact of federal laws IDEA and NCLB on the curriculum and assessment in schools today

The book has been reorganized into ten chapters including

- historical perspectives
- early childhood special education curricula
- oral expression curricula
- reading and listening curricula
- written expression curricula
- mathematics curricula
- educational technology curricula
- K-12 social and self competence curricula
- science curricula
- and evaluation reports
- case studies

Appendix The scope and sequence charts were modified to include current national education standards and benchmarks and the skills in each of the academic areas that require annual state assessment

These charts will assist teachers in modifying the general education curriculum for students
